“OUR CODE OF CONDUCT REINFORCES OUR COMMITMENT TO CONDUCT OURSELVES AND OUR BUSINESS WITH THE HIGHEST INTEGRITY.”

A MESSAGE FROM PRESIDENT & CEO FRANK LA SALLA

DTCC plays a unique and critical role in protecting the safety and stability of the global financial system. As we look to the future, our vision is to lead the advancement of the global financial markets as the most influential, strategic, and tech-focused partner, making our commitment to uphold the highest standards of ethical behavior of paramount importance.

Our five core values – Unwavering Integrity, a Passion for Excellence, Steadfast Partnership, Respect for Individuals and Responsible Citizenship – serve as our north star for how we operate, and they guide us in how we engage with our stakeholders and each other.

To ensure we maintain the highest standards of ethical behavior, each year, we require all employees to read and confirm their understanding of DTCC’s Code of Conduct which defines the behaviors we must demonstrate in our roles at the firm. This annual acknowledgment ensures that we all understand our company’s business principles, which are embedded within our culture and integral to preserving the longstanding trust and confidence with our stakeholders.

Due to the highly regulated nature of our businesses that are overseen by more than 20 different supervisory agencies around the world, and the critical work we perform for the industry each day, all employees must follow strict ethical and business standards at all times.

Adhering to these standards is essential to our role in safeguarding the global financial markets.

The Code of Conduct serves as the foundation of our business culture, reinforces our commitment to always “doing the right thing,” and helps all of us to maintain the firm’s reputation as the premier global financial market infrastructure.

Thank you for your compliance with our Code of Conduct and for your continued efforts to uphold our integrity, corporate values and standards of behavior.

Sincerely,

Frank La Salla

President and Chief Executive Officer

INTRODUCTION

As a global financial services leader, DTCC's Code of Conduct (the "Code") represents our commitment to integrity and high ethical standards. Adhering to the letter and the spirit of this Code and applying sound judgment is integral to the success of our company.

The Code should guide our actions and decisions at work, providing an ethical standard for you to follow when dealing with clients, regulators, employees, and the community.

You are required to read and understand each section of the Code, as well as to participate in supplemental Code of Conduct training. You are expected to follow this Code, other policies referred to in the Code, additional policies that apply to your specific job and the spirit and letter of all applicable laws and regulations. You are encouraged to speak up if you perceive a Code violation, for the benefit of your fellow employees as well as the organization as a whole and may do so without fear of retaliation.

This Code is applicable to DTCC and all of its subsidiaries, including but not limited to the DTCC Clearing Agencies' businesses (National Securities Clearing Corporation (NSCC), Fixed Income Clearing Corporation (FICC), and The Depository Trust Company (DTC)), as well as their support areas.

All requirements and expectations set forth in the Code apply to employees while working physically in one of DTCC's offices or in a virtual capacity.

MANDATORY AND REQUIRED TRAINING

All employees are required to complete mandatory training within the allotted timelines. This is a formal requirement under the *DTCC Mandatory and Required Training Policy*.

Managers are responsible for holding individuals under their supervision accountable for completion of training by the aligned due date.

To fulfill this expectation, you should understand the *DTCC Mandatory and Required Training Policy*, follow up as needed with any of your team members who are in danger of missing a deadline, and fully support any disciplinary consequences that result from late or non-completion.

YOUR CODE OF CONDUCT OBLIGATIONS

All employees must adhere to the Code. Failure to comply with any requirements of the Code will be escalated to DTCC Management, Compliance and Human Resources and may result in disciplinary action up to and including termination.

All employees are also responsible for promptly reporting any knowledge or information about conduct by anyone in the company that you reasonably believe to be:

- A criminal or illegal act.
- A violation of regulatory or policy requirements, including this Code of Conduct and the policies referenced herein.
- Unethical conduct or a dishonest act, including inappropriate actions with financial implications, violation of the standards defined in this Code of Conduct, or other behavior that would reasonably be considered unethical or against DTCC values.

If you witness the above behavior at DTCC, you must report it to your manager, Compliance, Legal, Human Resources, or the Global Ethics Hotline.

MANAGER OBLIGATIONS

You are obligated to lead with integrity by:

- Regularly reinforcing to the individuals under your supervision the importance of understanding and following the Code and related policies.
- Escalating potential concerns of misconduct brought to your attention through the Global Ethics Hotline or other appropriate means.
- Maintaining a workplace environment that encourages individuals to speak up about ethics issues without fear of retaliation.
- Holding individuals under your supervision accountable for adherence to expectations set forth in the Code.

COMPLY WITH THE LAW

ETHICAL BUSINESS PRACTICES

FAIR COMPETITION

We compete fairly for business by providing excellent service at fair and reasonable prices.

DTCC is prohibited from participating in price fixing arrangements with competitors or potential competitors and may not collude with anyone in dividing up markets or denying a party access to services. Furthermore, laws and regulations may prohibit conditioning the availability or price of one product on the purchase of another.

In addition, offering special pricing or discounts may also be prohibited and must be reviewed by Finance.

Please refer to the *Clearing Agency and DTCC Non-Clearing Agency Pricing Policies* for more information.

FRAUD

DTCC does not tolerate fraud, which is a false representation, including concealment of fact by words or conduct, or in business records. DTCC employees are expected to behave ethically and honestly, including but not limited to when conducting business, submitting travel and expense reports, disclosing gifts and entertainment, identifying and disclosing conflicts of interest, disclosing background information during onboarding, maintaining books and records, and during contract negotiations. Failure to do so may result in disciplinary action up to and including termination.

If you witness or suspect fraudulent behavior at DTCC, you must report it to your manager, Compliance, Legal, Human Resources, or the Global Ethics Hotline.

BRIBERY AND FACILITATION PAYMENTS

Employees must not directly or indirectly bribe others or accept bribes in connection with any dealings in any country. This includes persons in the private sector and government or foreign or domestic public officials.

BRIBERY

Provisioning anything of value with the intent to improperly persuade someone to give a business advantage is considered bribery.

THIS CAN INCLUDE THE FOLLOWING:

- Merchandise, gifts, cash and cash equivalents, favors, loans, entertainment, or charitable donations
- Political contributions
- Hiring in exchange for business or a favor

FACILITATION PAYMENTS

Payments to speed up or expedite routine governmental action are illegal under the law of some jurisdictions.

THIS CAN INCLUDE THE FOLLOWING:

Payments to further routine government action, for example to expedite passports, visas, supplying utilities, registrations, or building permits.

All employees must obtain pre-approval from Compliance or Legal prior to making any facilitation payments, except in the event of risk to life or limb.

If you are unsure whether something rises to the level of being a bribe or if it could be considered a facilitation payment, please contact the Compliance or Legal departments for guidance.

GIFTS AND ENTERTAINMENT

DTCC permits the giving or receiving of business-related gifts and entertainment that are reasonable and customary in the course of maintaining business relationships and that conform to this Code of Conduct and the *DTCC Gifts, Entertainment, and Conflicts of Interest Policy*.

Business gifts are items of value that are provided in connection with current or prospective business.

Business entertainment includes meals, refreshments, sporting and recreational events, charitable events, and travel arrangements when the outside party providing the entertainment attends the event.

DTCC employees are prohibited from giving or receiving gifts and entertainment to or from co-workers, third parties and other external parties that are in violation of applicable laws or regulations, intended to obtain special favors or impair the impartiality or professionalism of the recipient, may be construed as bribery, would be considered lavish or inappropriate under the circumstances, or may create the appearance of impropriety or conflict of interest.

Employees are responsible for understanding gifts and entertainment policies and submitting disclosures and preapproval requests timely in the reporting system available on the DTCC intranet.

Managers are also responsible for understanding gift and entertainment policies and are expected to review gifts and entertainment reports for compliance with DTCC's policies.

Please refer to the *DTCC Gifts, Entertainment, and Conflicts of Interest Policy* for more information. Failure to adhere to the *DTCC Gifts, Entertainment, and Conflicts of Interest Policy* may result in disciplinary action up to and including termination.

REIMBURSABLE TRAVEL AND ENTERTAINMENT EXPENSES

DTCC reimburses employees for reasonable travel, entertainment, and other business-related expenses. You are responsible for seeking the most cost-effective rates and complying with the *DTCC Travel and Expense Reimbursement Policy*.

CONFLICTS OF INTEREST

A Conflict of Interest may exist when the interests of DTCC, one of its businesses, employees, or a DTCC client are in opposition. Conflicts of interest may arise from internal factors (for example, in supporting multiple subsidiaries or business areas that have competing or different needs or regulatory requirements), or external factors (for example, from outside relationships or employment, owning a substantial or controlling interest in an outside business, serving on external boards or otherwise engaging in other independent business activities). Even when no actual conflict is present, the very appearance of a conflict can potentially damage DTCC's reputation, as well as its business and regulatory relationships.

DTCC employees are prohibited from entering into employment with any DTCC client or vendor while employed with DTCC. This prohibition also applies when directly or indirectly providing consulting services or when acting as an officer to DTCC's clients or vendors. Employees must disclose outside business activities promptly and must not allow outside business activities to interfere with job performance or work schedule.

Potential or actual conflicts, including but not limited to those outlined above, must be promptly disclosed to Compliance so that the potential conflict can be assessed. If you are unclear about whether your outside activity represents a conflict of interest, it is important to reach out to Compliance for clarification and you can be advised of the appropriate actions.

Please refer to the DTCC Gifts, Entertainment, and Conflicts of Interest Policy and the applicable regional Conflict of Interest Policy for additional information.

MANAGER OBLIGATIONS FOR TRAVEL AND ENTERTAINMENT EXPENSE REPORTING

Managers should approve or reject expense reports within 5 days of receiving them, per *DTCC's Travel and Expense Reimbursement Policy*. In determining whether to approve expense reports, managers should substantively review the supporting documentation provided by the employee.

Certain expenses, such as personal items, lost property, traveling products, personal insurance, childcare, corporate card fees, airline upgrades, hotel upgrades, and spousal entertainment, are not reimbursable to the employee.

Please refer to the *DTCC Travel and Expense Reimbursement Policy* for a full list of items that are non-reimbursable.

CONFLICTS OF INTEREST DISCLOSURE OBLIGATIONS

You must promptly disclose all potential and actual conflicts of interest.

Are you in doubt as to whether a potential or actual conflict of interest exists?

Refer to the *DTCC Gifts, Entertainment and Conflicts of Interest Policy* or raise the question with your management, Human Resources, Compliance, the Compliance Hotline, or the anonymous Global Ethics Hotline.

ANTI-MONEY LAUNDERING

We are committed to protecting DTCC from being used to facilitate money laundering, terrorist financing, financial crimes, and any other illegal operations. Compliance with DTCC's Anti-Money Laundering (AML) and Global Sanctions programs are essential to promoting the safety and soundness of DTCC's operations.

Each year, Compliance trains employees to identify unusual and suspicious activity. DTCC has defined AML Red Flags which identify activities that may indicate attempts by individuals or entities to launder money through DTCC's products or services. All employees are trained on general corporate red flags and some departments are provided additional training on specialized red flags, specific to their roles.

Please refer to the *DTCC AML Policy and DTC AML Program* for additional information.

SANCTIONS

DTCC has a comprehensive Global Sanctions program to ensure ongoing compliance with all applicable global sanctions regulations (e.g., those regulations enforced by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC"), HM Treasury, European Union, etc.). The various global sanctions regulations prohibit persons from directly or indirectly engaging in activities or transactions with targeted foreign countries and with persons and entities named on the global sanctions lists.

You must follow the *DTCC OFAC/Global Sanctions Policy* to comply with all applicable OFAC and Global Sanctions obligations. Failure to comply with sanctions laws and regulations can result in significant penalties against both yourself and DTCC.

POLITICAL ACTIVITY, CONTRIBUTIONS AND LOBBYING

At DTCC we respect your right to engage in personal political activity. If you choose to exercise that right, please make sure your activities are lawful and appropriate and do not involve the use of Company time or resources. You must also comply with any special rules that may apply to your business area or your specific position with the Company. If you wish to volunteer for a political campaign, do so on your own time and as an individual, not as a representative of the Company.

When engaging in political activities:

- Ensure that your activities can't be viewed as connected with your position at DTCC.
- Do not use company resources, including equipment or any computer or computer system or network, email, stationery, office supplies, administrative employees, or other staff unless specifically approved by the Government Relations or Compliance departments.
- Do not share or make use of company intellectual or intangible property, including client lists, employee email addresses, and research reports.
- Do not contact other employees to solicit political contributions or participate in any political activity.

If you want to hold any political office, whether elected or appointed, obtain preclearance from Government Relations.

Eligible employees may contribute up to US\$5,000 to DTCC's Political Action Committee (PAC) annually. Contributions are not tax-deductible and can be made via bi-weekly payroll deduction, personal check, or contribution via incentive. DTCC corporate cards cannot be used for PAC contributions. Managing Directors, Executive Directors, Directors, Associate Directors, Senior Associates and Associates are all eligible to contribute to the DTCC PAC, as long as they are U.S. citizens.

Lobbying is communicating with certain covered U.S. Government officials regarding legislation, rules, regulations, orders, programs, policies, or nominations on behalf of DTCC. DTCC does not typically lobby at the state, municipal, or local level. Lobbying activities must be disclosed. In the event that you need to meet with any local or state government officials, please contact Government Relations prior to the meeting.

Please refer to the *DTCC Political Action Committee Policy* as well as the *DTCC Lobbying Policy* for additional information.

PROTECT CONFIDENTIAL INFORMATION

CLIENT CONFIDENTIAL INFORMATION

DTCC is entrusted with non-public information from and about its clients that is confidential and that must be protected from public disclosure (Client Confidential Information). Access to such information must be limited based on a need-to-know basis and appropriate measures must be taken to safeguard such information.

Certain confidential information (including certain Client Confidential Information) may be considered “material non-public information” (MNPI). Information is deemed “material” if there is substantial likelihood that a reasonable investor would consider the information important in making an investment decision or is reasonably certain to have an effect on the price of a security. Information is deemed “non-public” if it has not been made available to the public, has not been disseminated broadly to the marketplace, or has not had sufficient time post-dissemination for the marketplace to react to the information. For example, non-public information about the announcement of a tender offer, a pending merger, or a positive earnings report are among things considered to be MNPI.

PROHIBITION ON INSIDER TRADING

Your role at DTCC may allow you to have access to MNPI. You may not trade, share, nor allow others to trade on the basis of this MNPI, or any other MNPI you may acquire in your role. All trading activity must be conducted in accordance with the DTCC Personal Securities Investment Policy. You may be required to disclose personal investment accounts held solely or with another individual, as well as those that are held by members of your household. DTCC may place certain trading restrictions and monitor your trading activity in these accounts. Failure to adhere to the DTCC Personal Securities Investment Policy may result in disciplinary action up to and including termination.

DTCC CONFIDENTIAL INFORMATION

Employees may have access to information about DTCC that must be assessed for its sensitivity before sharing internally and/or externally. Such information includes, but is not limited to, pre-authorized Material Non-Public Information ‘MNPI’ (e.g., pre-announced corporate actions, Member Financial Health, Closeout Related Information, and AML Investigations), documents detailing DTCC’s network (e.g., Visio diagrams with server names, IP

addresses and network locations), detailed username and passwords to DTCC systems, detailed job aids and runbooks to DTCC business processes and technology, legal agreements/statements of work (‘SOW’) between DTCC and participants, vendors and other third parties (‘Confidential and Restricted Information’). Access to such information must be limited on a need-to-know basis and appropriate measures must be taken to safeguard it in accordance with DTCC policies and control standards.

The obligation to safeguard and maintain Confidential and Restricted Information in confidence is continuous, while employed by DTCC, and after employment ends. The unauthorized use or disclosure of Confidential and Restricted Information may cause irreparable harm, both financially and reputationally to DTCC and its business.

REPORTING & ESCALATION

Report all suspected or confirmed breaches or inadvertent access of client confidential information (including MNPI), DTCC Restricted or Confidential Information, or Personally Identifiable Information (PII) immediately to TVA@dtcc.com.

The Data Protection and Privacy Office is responsible for assessing all reported matters in accordance with applicable jurisdictional requirements to determine if client and/or regulatory notifications are required.

PERSONALLY IDENTIFIABLE INFORMATION

In the course of providing services to clients and managing our employment relationships, DTCC may collect, store and process Personally Identifiable Information (PII). PII, as used within DTCC, refers to information that can be used on its own or be combined with other information to identify an individual.

You must take appropriate measures to use and safeguard PII in accordance with applicable laws, rules and regulations. In addition, you must comply with *DTCC's Global Privacy Policy*, which is designed to address the appropriate collection, use, distribution and storage of PII.

You may only use or share PII for a legitimate business purpose and may not access, use or otherwise misappropriate PII for personal benefit, or for the benefit of anyone else other than as part of DTCC business operations. This includes the use of PII to solicit any of DTCC's former, current, or prospective clients or employees, or in any other manner adverse to the interests of DTCC or its clients.

COMMUNICATION WITH OUR REGULATORS AND GOVERNMENT OFFICIALS

DTCC has regulated subsidiaries globally, including three that are designated as Systemically Important Financial Market Utilities in the United States (i.e., DTC, FICC and NSCC). DTCC has established centralized points of contact to facilitate communications with regulators and government officials.

As a DTCC employee, you may be contacted by a regulator or other government official that requests information or documents regarding DTCC or its subsidiaries. If you are contacted directly by a regulator or government official, promptly advise Regulatory Relations so that they can coordinate a response. In non-U.S. jurisdictions, advise your local Compliance Officer as well as Regulatory Relations.

Please keep in mind that when interacting with regulators, you should demonstrate respect for their mission and role.

When responding to regulatory requests, you are expected to provide timely, accurate, and complete responses.

You are also expected to treat regulatory requests and DTCC's responses as strictly confidential.

DTCC employees are subject to strict disclosure rules with respect to Federal Reserve (Fed) and New York State Department of Financial Services (NYSDFS) supervisory activities, which includes information about their examinations, continuous monitoring and ad hoc requests for information. You may only share information relating to Fed or NYSDFS supervisory activities (known as "Confidential Supervisory Information" or "CSI") with DTCC employees, officers, directors, and affiliates when necessary for business purposes. You may not share CSI with service providers unless a written agreement is in place to protect the CSI and there is prior written authorization from the relevant supervisory agency, as applicable. "Service providers" include consultants, contractors, contingent workers, and technology providers.

If you become aware of any unauthorized disclosures, contact Regulatory Relations immediately.

Please refer to the *DTCC Global Confidential Supervisory Information Policy* for additional information.

CONFIDENTIAL SUPERVISORY INFORMATION (CSI)

CSI includes reports of examination and other non-public supervisory communications prepared by the Federal Reserve or New York State Department of Financial Services, and any information derived from or related to such communications.

Any portion of a document that contains or would reveal supervisory communications is also CSI.

PROTECTION & APPROPRIATE USE OF DTCC'S ASSETS

TECHNOLOGY USAGE

In accordance with information security policies and procedures, employees must diligently protect DTCC's systems and facilities that they have access to, to prevent data leakage, unauthorized access, tampering or systems infiltration. This includes the use of third-party applications, websites, tools, and email or other electronic communications through DTCC's systems and facilities. Clients' privacy must also be secured by complying with all information security policies and procedures, including the *DTCC Technology Usage Policy*.

In addition, all technology (e.g., Artificial Intelligence applications) at DTCC should be designed, developed, deployed, and used in accordance with DTCC's corporate policies including consideration of safety, security and resiliency, transparency, privacy, fairness and accountability.

DTCC monitors its systems and facilities to protect its legitimate business purposes, including (without limitation) to detect violations of company policy, and where required for legal and regulatory obligations.

DTCC's systems and facilities, and all information captured by DTCC in the course of monitoring its system and facilities, including (without limitation) videos, photographic images, audio recorded by DTCC, internal and external messages, and information and content accessed, viewed, created, sent, downloaded, uploaded, stored, forwarded, transmitted, or received on or through them, are considered the property of DTCC.

DTCC reserves the right to access, inspect, monitor, delete, disclose and record, and use such information and materials in any way it deems appropriate at its discretion. This includes, but is not limited to, your personal use of third party websites and use of your personal password-protected email account and other online accounts accessed using DTCC systems and facilities.

PROTECT AGAINST CYBER ATTACKS

You can protect DTCC against cyber-attacks by being alert for suspicious messages - including email, instant message, text or voice - as well as suspicious attachments, links and web pages that may contain malware or viruses.

You should use the "Report Phishing Cofense" Outlook task bar icon or forward the suspicious email as an attachment to the Threat & Vulnerability Assessment mailbox at TVA@dtcc.com upon receipt.

ELECTRONIC COMMUNICATIONS

All DTCC business communications (e.g., emails, text messages, instant messages and other collaboration data) must be conducted using applications that are approved and managed by DTCC to ensure that communications are properly protected, retained and monitored in compliance with applicable corporate policies (“approved DTCC-managed applications”). This applies to both personal and DTCC corporate-issued devices (mobile phones, iPads, tablets, computers, etc.) that may be used to conduct DTCC business.

Employees should avoid contributing to any business communications (e.g., chats or whiteboards) using an approved application that is managed by a non-DTCC account (e.g., joining a meeting hosted by a third party), since DTCC does not have the same controls in place.

Any business communications exchanged between an employee and a colleague, client or other third party on a prohibited application must be forwarded to their DTCC email promptly.

Instances of non-compliance must be promptly reported to the DTCC Compliance Hotline or the Global Ethics Hotline, if identified.

For additional information, please refer to the *DTCC Global Records Management Policy*, and the *DTCC Standards on Collaboration Tool Usage During Internal & External Meetings*.

INFORMATION CLASSIFICATION

Employees are required to familiarize themselves with, and adhere to, DTCC’s information classification system in accordance with the confidentiality of the material, as per the *DTCC Information Security - Asset Security Policy and Control Standards*.

Employees may not transmit any non-DTCC confidential information, for example, from a previous employer, into DTCC from personal email or other messaging applications.

Employees are also not permitted to send confidential information from any DTCC email to any personal email, messaging application, unauthorized third party or other external account that is not provided by DTCC.

Information exchanged (or transferred) between DTCC employees and between DTCC employees and external parties must be conducted in line with its data classification.

Non-exempt employees (US) and managers of non-exempt employees are responsible for complying with all requirements outlined in the *Time Keeping Policy for US Non-Exempt Employees*.

DISCRIMINATION AND ANTI-HARASSMENT

At DTCC, you have the right to work in a professional atmosphere that promotes equal employment opportunities and prohibits discriminatory practices.

We treat individuals fairly with respect to hiring, terms and conditions of employment, promotions, training, disciplinary and grievance procedures, and termination of employment without regard to any characteristics protected by applicable law.

We require all relationships among persons in the workplace to be business-like, respectful, and free from bias, prejudice, and harassment.

Reference the *DTCC Equal Employment Non-Discrimination and Anti-Harassment Policy* for more information.

DIVERSITY EQUITY & INCLUSION

DTCC is committed to employing a workforce that reflects the diversity in our markets, and one that understands and appreciates the global client base with which we do business.

At DTCC we harness the full array of talent, ideas and attributes offered by our global workforce to discover increasingly better ways to deliver for our clients. Our approach is to fully integrate diversity and inclusion into all aspects of the DTCC community by fostering an environment where every employee is valued, respected, and feels that they can play an active part in the company's success.

We recognize that diversity and inclusion is core to who we are and key to our business success. We channel the power of inclusion and embrace the similarities and differences in our global workforce to shape our ability to innovate, create and continuously evolve – all of which enable us to secure the financial services industry.

Please refer to the applicable Employee Guide or Handbook based on your location under the Key Policies and Procedures section.

WHISTLEBLOWER PROTECTION

DTCC abides by all federal, state, and local laws, rules, and regulations applicable to it and requires that its employees do the same. Employees should bring forward issues of workplace practices or policies that they believe to be in violation of law, against public policy, fraudulent,

unethical and/or present a substantial and specific danger to the public health or safety.

DTCC will not take any adverse employment action against an employee, who makes a good faith report pursuant to this policy, even if an investigation reveals that no violation occurred. For example, DTCC will not retaliate against or tolerate any reprisal against any employee for:

- (1) Disclosing or threatening to disclose to a supervisor or member of management, an activity, policy or practice that the employee reasonably believes is in violation of a law, or a rule or regulation promulgated pursuant to law, or which poses a substantial and specific danger to the public health or safety;
- (2) Providing information involving deception of, or misrepresentation to, any shareholder, investor, client, patient, customer, employee, former employee, retiree or pensioner of DTCC or any government entity;
- (3) Providing information regarding any perceived criminal or fraudulent activity, policy or practice of deception or misrepresentation which the employee reasonably believes may defraud any shareholder, investor, client, patient, customer, employee, former employee, retiree or pensioner of DTCC or any governmental entity;
- (4) Providing information to, or testifying before, any public body conducting an investigation, hearing, or inquiry into any activity, policy or practice as summarized in (1)-(3) above; or
- (5) Objecting to, or refusing to participate in, any activity, policy or practice as summarized in (1)-(3) above.

It is DTCC's responsibility to correct and prevent violations of this nature and, should such circumstances arise, employees should bring such matters forward and give DTCC a reasonable opportunity to correct them.

DTCC has designated the following Company resources to receive complaints and answer employee questions regarding this policy:

- (1) HR Business Partners
- (2) Employee Relations
- (3) DTCC Chief Compliance Officer or your local Chief Compliance Officer
- (4) Global Ethics Hotline (1-844-815-4396)

SOLICITATION

Any form of solicitation during working hours is **prohibited**. This includes:

- Distributing literature for personal causes via email, in person, or on bulletin boards;
- Soliciting employees to participate in sports pools, games of chance, or other similar activities; or
- Soliciting funds or other items of value for charity or any other purpose, except for charities and charitable events approved by Corporate Social Responsibility (CSR).

A conflict of interest may arise when an employee solicits vendors and clients to provide donations for DTCC supported charitable causes. Employees must first contact the Compliance Department for guidance when considering whether to and how to engage vendors and clients in CSR causes. Upon approval by Compliance, employees must contact the CSR office to coordinate all DTCC sponsored charitable activity.

Please refer to the *Global Corporate Social Responsibility Policy* and the applicable Employee Guide or Handbook based on your location for additional information.

PERSONAL RELATIONSHIPS

Although consensual relationships are a matter of personal choice and privacy between the individuals involved, consensual relationships between a managerial employee and a subordinate are contrary to the best interests of DTCC and are strongly discouraged, as are romantic relationships between a managerial employee and a contingent worker engaged by the managerial employee's team. Note that the notion of a "managerial employee" in this regard, extends to any two staff members where one party has matrixed or informal supervisory authority over the other, even if they are not within the same direct reporting line.

If a romantic relationship between a managerial employee and a subordinate develops, or where there is any actual or perceived conflict of interest, it is the responsibility and mandatory obligation of the managerial/senior employee to promptly disclose the existence of the relationship to the next level officer in the department and to Human Resources. The subordinate is also strongly encouraged to disclose the relationship to Human Resources.

In addition, if there is a romantic relationship between two individuals that report to the same manager or two individuals whose romantic relationship otherwise presents a conflict of interest in connection with their work responsibilities, each individual has a mandatory obligation to promptly disclose the existence of the relationship to their business unit's HR Business Partner.

Please refer to the applicable Employee Guide or Handbook based on your location under the Key Policies and Procedures section.

WORKPLACE SAFETY

All DTCC employees should report hostile intruder situations or imminent threats of violence to local law enforcement via the quickest means possible, followed by a call to Global Security Management (77-7777 or 212-855-8200).

You are responsible for professional conduct that avoids potentially putting yourself or others at risk. This includes, but is not limited to, threatening or other hostile or violent behavior. Weapons are strictly prohibited at all DTCC facilities and sponsored events.

You should report to Global Security Management any threats or perceived threats that you have witnessed, received, or have been told that another person has witnessed or received. You should also report any behavior that you have witnessed, received, or have been told that another person has witnessed or received that could be intimidating, threatening, or violent or believe that the behavior of concern might be, or could be, carried out on a company-controlled site or is connected to company business.

Please refer to the *DTCC Workplace Safety Policy* for additional information.

VOLUNTARY SEPARATION

If you decide to leave DTCC, we ask that US-based employees give a minimum of two weeks of notice in advance of your final day. In the case of employee's based outside of the US, you are required to render the applicable notice period required by your local office's policy or the amount stated in your employment contract. Moreover, Officers are encouraged to review and are required to adhere to their specific, applicable non-solicitation and notice period requirement they previously agreed to prior to their notice or resignation.

A group of diverse people, including men and women of various ages and ethnicities, are standing in a line on a dirt path. They have their arms around each other's shoulders, suggesting a sense of community and support. They are looking towards a bright sunset or sunrise in a park-like setting with trees and palm trees in the background. The sky is a mix of white and light blue. A large yellow triangle is in the top left corner. The text 'IMPACT OUR COMMUNITIES' is centered in a bold, dark green font. There are also some thin green lines forming a diamond shape across the image.

HUMAN RIGHTS

DTCC is committed to respecting human rights and demonstrating responsible employment practices in all regions where we conduct business. We are guided by standards including the Modern Slavery Act 2015, enacted by the UK Parliament to expose and combat forced labor. Millions of people around the world are trapped in some form of forced labor, the term used to describe all forms of modern slavery, including trafficking, debt bondage, and child labor.

The Modern Slavery Act includes a provision on transparency in supply chains that requires certain businesses operating in the United Kingdom (and, based on certain criteria, their UK and US affiliates or parent) to disclose the steps taken to ensure there is no modern slavery in their own business and their supply chains (e.g., companies and vendors that provide it with goods or services).

DTCC requires adherence to business standards that are pertinent to mitigating the risk of slavery and human trafficking that could occur within the company's business or in any part of its supply chains. While DTCC does not consider that it currently operates in high-risk sectors for modern slavery, we must be aware of the dangers of modern slavery, in particular with regard to our vendor engagements, and report any suspected non-compliance to the DTCC Compliance Hotline.

DTCC has made a global commitment that we will not offer any employment (such as internships) without compensation

ANTI-BOYCOTT LAW

The United States enacted anti-boycott laws in the 1970s to ensure that U.S. firms do not participate in, comply with, or support foreign boycotts that the United States does not sanction. These laws are intended to prevent U.S. firms from being used to implement foreign policies of other nations that run counter to U.S. policy. Violations of U.S. anti-boycott laws can have severe consequences, including civil fines, loss of U.S. foreign tax credits, and reputational harm.

The anti-boycott laws apply to DTCC and its U.S. subsidiaries and affiliates.

If an employee believes that DTCC has been requested

to participate in, comply with or support a boycott, they have been advised, through annual BSA/AML Compliance training, to contact RegChangeMgmt@dtcc.com immediately. Regulatory Change Management will then work with the employee(s), General Councils Office (GCO), and any other relevant stakeholders to determine appropriate actions, if any.

SOCIAL RESPONSIBILITY

At DTCC, we give back to the community to build a better society and help shape the future of communities where we live and work. This is driven by our character as a company and our commitment to do more. We work to expand our impact on improving the communities in which DTCC operates through funding, partnerships and employee-directed initiatives.

To learn more about our CSR program, review the *Global Corporate Social Responsibility Policy* or contact the CSR office at CSR@dtcc.com.
