

Frank La Salla

President and Chief Executive Officer

Frank La Salla is President, CEO and Director of DTCC. He also serves as President and Chief Executive Officer of DTCC's principal operating subsidiaries, DTC, FICC and NSCC and is a member of the DTCC Executive Committee.

Frank joined DTCC in June 2022 following a 28-year career at BNY Mellon, where he held several senior-level positions, including most recently as Chief Executive Officer of its Issuer Services business and a member of the BNY Mellon Executive Committee, the senior-most leadership committee at the firm. Prior to that, he previously served as CEO of BNY Mellon's Alternative Investment Services and Structured Products business, and before that he was a member of the Executive Committee of Pershing LLC, a BNY Mellon company, where he was co-head of Global Client Relationships and head of Trading Services. Earlier in his career, Frank was president and chief operating officer of BNY Clearing Services LLC.

Prior to joining BNY Mellon, Frank was CEO of BHF Securities Corporation, the U.S. broker-dealer subsidiary of Germany's BHF Bank AG, and COO of Société Générale Securities, responsible for developing the French financial institution's U.S. brokerage business.

Frank was also a member of the Board of Directors of Euroclear SA/NV, the Belgium based Central Securities Depository from October 2012 until June 2022. He served on the Board Risk Committee and prior to that the Nominations, Governance and Compensation Committee.

Frank holds numerous industry registrations and is a member of the Financial Industry Regulatory Authority's Board of Arbitrators. He earned a Bachelor of Science degree in Economics from The City University of New York and a Master of Business Administration in Finance from Wagner College. He also holds a Master of Arts in Theology from Fordham University.

DTCC is the premier post-trade market infrastructure for the global financial services industry. From 20 locations around the world, DTCC, through its subsidiaries, automates, centralizes, and standardizes the processing of financial transactions, mitigating risk, increasing transparency, enhancing performance and driving efficiency for thousands of broker/dealers, custodian banks and asset managers.
