

Easing the EMIR Refit Burden with DTCC Report Hub[®]

Discover how DTCC Report Hub's robust cloud-native platform can help you meet some of the biggest challenges of preparing for EMIR Refit:

ISO 2022 XML

Submit in the same format as you do today using DTCC Report Hub's data translation capabilities to automatically generate submissions in the required ISO 2022 XML format.

Reporting Data Quality

Enhance the quality of your reporting data and achieve higher acceptance rates through DTCC's distinct pre-validation and pre-submission checking capabilities.

New Data Fields

Source and generate new fields introduced under EMIR Refit with DTCC Report Hub's Unique Trade Identifier (UTI) generation, Unique Product Identifier (UPI) lookup and data enrichment capabilities.

Exceptions & Significant Issues

Resolve reporting issues in real time and check that your reporting is complete, accurate and timely through DTCC Report Hub's intuitive pre and post reporting assurance capabilities.

Simplified Backloading

Seamlessly update your historical trade population to the new EMIR Refit rules, leveraging DTCC Report Hub's pre reporting capabilities.

Delegated Reporting

Support your clients' delegated reporting needs with DTCC Report Hub's data insights and reconciliation capabilities. Easily view and export the data that you have reported on a client's behalf to help them more effectively meet their own regulatory obligations.

Regulatory Divergence

Streamline the complexities of reporting across multiple global regimes, including EU-EMIR Refit and UK-EMIR Refit, as DTCC Report Hub is updated to help you meet the latest regulatory rule changes and revisions.
