<b>Subject:</b>	ACATS VIA DTCC PORTAL URL UPDATE

This notice is a follow up to [Important Notice a9378](#) (dated January 12, 2024) and [Important Notice a9390](#) (dated February 13, 2024). In the previous two notices, it was announced that there will be upcoming technology upgrades that may impact various DTCC web portal application URL's. ACATS was identified as one of the applications impacted by this change.

The change would only impact users that bookmarked ACATS application-level URLs in the Participant Services Environment (PSE) and/or Production environment.

**The change did not occur on the scheduled date of Friday March 8, 2024, as indicated in Important Notice a9390. Firms can continue using their current URL bookmarks for now. A new effective date will be communicated under separate important notice when available.**
