## **1. Text of the Proposed Rule Change**

(a) The proposed rule change of Fixed Income Clearing Corporation (“FICC”) is provided hereto as Exhibit 5 and amends the Clearing Agency Risk Management Framework (“Risk Management Framework”, or “Framework”) of FICC and its affiliates, The Depository Trust Company (“DTC”) and National Securities Clearing Corporation (“NSCC,” and together with FICC and DTC, the “Clearing Agencies”).<sup>1</sup> The proposed rule change would amend the Risk Management Framework to clarify and revise the descriptions of certain matters within the Framework, as further described below. The proposed changes would update and clarify the Risk Management Framework but do not reflect changes to how the Clearing Agencies comply with the applicable requirements of Rule 17Ad-22(e), as further described below.<sup>2</sup>

(b) Not applicable.

(c) Not applicable.

## **2. Procedures of the Self-Regulatory Organization**

The proposed rule change was approved by the Risk Committee of the Board of Directors of FICC at a meeting duly called and held on September 12, 2023.

## **3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

### **(a) Purpose**

The Clearing Agencies adopted the Risk Management Framework<sup>3</sup> to provide an outline for how each of the Clearing Agencies (i) maintains a well-founded, clear, transparent and enforceable legal basis for each aspect of its activities; (ii) comprehensively manages legal, credit, liquidity, operational, general business, investment, custody, and other risks that arise in or are borne by it; (iii) identifies, monitors, and manages risks related to links it establishes with one or more clearing agencies, financial market utilities, or trading markets; (iv) meets the requirements of its participants and the markets it serves efficiently and effectively; (v) uses, or at a minimum accommodates, relevant internationally accepted communication procedures and standards in order to facilitate efficient payment, clearing and settlement; and (vi) publicly

<sup>3</sup> Supra note 1.

discloses certain information, including market data. In this way, the Risk Management Framework currently supports the Clearing Agencies' compliance with Rules 17Ad-22(e)(1), (3), (20), (21), (22) and (23) of the Standards,<sup>4</sup> as described in the Framework Filings. In addition to setting forth the way each of the Clearing Agencies addresses these requirements, the Risk Management Framework also contains a section titled "Framework Ownership and Change Management" that, among other matters, describes the Framework ownership and the required governance process for review and approval of changes to the Framework. In connection with the annual review and approval of the Framework by the Board of Directors of NSCC, DTC and FICC (each a "Board" and collectively, the "Boards"), the Clearing Agencies are proposing to make certain revisions to the Framework.

The proposed changes would clarify and enhance the descriptions in the Risk Management Framework, for example, (i) clarify the cadence of publication of disclosure frameworks; (ii) clarify the description of the Clearing Agencies recovery and wind-down processes and procedures; and (iii) make other non-substantive clarifying and clean-up changes to the Framework. Each of these categories of changes are discussed in further detail below.

*i. Proposed Amendment to Clarify the Cadence of Publication of Disclosure Frameworks*

Section 4.1 of the Framework describes certain tools provided to Clearing Agency participants to assist participants in understanding the Clearing Agencies' products and services and their use. One such tool is the publication of disclosure frameworks to the DTCC website. The proposed change would enhance the description in the third bullet of Section 4.1, to add that although each of the Clearing Agencies publish to the DTCC website disclosure frameworks that are updated on a biennial basis, such frameworks are also updated more frequently for material changes.

*ii. Proposed Amendment to Clarify the Description of Recovery and Wind-Down*

Section 5 of the Framework describes the Clearing Agencies identification of scenarios that may potentially prevent them from being able to provide critical operations and services, and assessment of options for recovery and orderly wind-down, and maintenance of appropriate plans for recovery and orderly wind-down. The proposed changes to Section 5 are primarily rephrasing and grammatical choices that clarify the Framework and conform the language in the Framework to the Clearing Agencies' stand-alone Recovery and Wind-Down Plans.

*iii. Proposed Amendment to Make Other Non-Substantive Clarifying Changes*

These proposed changes consist of rephrasing for clarity and removal of unnecessary language in the Framework. These changes include: (i) changes to Section 1 to simplify the description of other documentation of the Clearing Agencies that support the activities described in the Framework by removing statements regarding the maintenance of those documents that are not relevant to the operation of this Framework and removing redundant sentences; (ii) add "and" for grammatical purposes in the second sentence of the last paragraph of Section 3.2 as

---

<sup>4</sup> 17 CFR 240.17Ad-22(e)(1), (3), (20), (21), (22) and (23).

well as the words “when required” as clarifying language; (3) remove the words “Market Risk” from the heading “*Clearing Agency Stress Testing Framework*” in Section 3.3.3 and add “liquidity resources” to align with other documentation of the Clearing Agencies; (4) deletion of the word “all” in various sentences in Section 4.2.2, as unnecessary.

(b) Statutory Basis

The Clearing Agencies believe that the proposed changes are consistent with Section 17A(b)(3)(F) of the Securities Exchange Act of 1934 (“Act”)<sup>5</sup> for the reasons described below. Section 17A(b)(3)(F) of the Act requires, in part, that the rules of a registered clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions, and to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible.<sup>6</sup> The proposed changes would clarify the descriptions of certain matters within the Framework to improve comprehensiveness and align with other documentation of the Clearing Agencies, as described above. By creating clearer, updated descriptions, the Clearing Agencies believe that the proposed changes would make the Risk Management Framework more effective in providing an overview of the important risk management activities of the Clearing Agencies, as described therein.

As described in the Framework Filings, the risk management functions described in the Risk Management Framework allow the Clearing Agencies to continue to promote the prompt and accurate clearance and settlement of securities transactions and continue to assure the safeguarding of securities and funds which are in their custody or control or for which they are responsible notwithstanding the default of a member of an affiliated family. The proposed changes to improve the clarity and accuracy of the descriptions of risk management functions within the Framework would assist the Clearing Agencies in carrying out these risk management functions. Therefore, the Clearing Agencies believe these proposed changes are consistent with the requirements of Section 17A(b)(3)(F) of the Act.<sup>7</sup>

#### **4. Self-Regulatory Organization’s Statement on Burden on Competition**

The Clearing Agencies do not believe that the proposed changes to the Framework described above would have any impact, or impose any burden, on competition. As described above, the proposed rule changes would improve the comprehensiveness of the Framework by creating clearer, updated descriptions, thereby making the Risk Management Framework more effective in providing an overview of the important risk management activities of the Clearing Agencies. As such, the Clearing Agencies do not believe that the proposed rule changes would have any impact on competition.

## **5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

FICC has not received or solicited any written comments relating to this proposal. If any written comments are received, they will be publicly filed as an Exhibit 2 to this filing, as required by Form 19b-4 and the General Instructions thereto.

Persons submitting comments are cautioned that, according to Section IV (Solicitation of Comments) of the Exhibit 1A in the General Instructions to Form 19b-4, the Securities and Exchange Commission ("Commission") does not edit personal identifying information from comment submissions. Commenters should submit only information that they wish to make available publicly, including their name, email address, and any other identifying information.

FICC reserves the right not to respond to any comments received.

## **6. Extension of Time Period for Commission Action**

Not applicable.

## **7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

(a) The proposed rule changes are to take effect immediately upon filing pursuant to paragraph A of Section 19(b)(3) of the Act<sup>8</sup> and subparagraph 19b-4(f)(4) thereunder.<sup>9</sup>

(b) The proposed rule change effects a change in an existing service of a registered clearing agency that (i) does not adversely affect the safeguarding of securities or funds in the custody or control of the clearing agency or for which it is responsible and (ii) does not significantly affect the respective rights or obligations of the clearing agency or persons using the service. As noted above, the proposed changes are mostly clarifying and non-material in nature. Therefore, the proposed rule change would not adversely affect the safeguarding of securities or funds in the custody or control of the clearing agency or for which it is responsible and would not significantly affect the rights or obligations of the clearing agency or its participants consistent with Rule 19b-4(f)(4)(i).<sup>10</sup>

**8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission**

While the proposed rule change is not based on the rules of another self-regulatory organization or of the Commission, the Framework is applicable to each of the Clearing Agencies, and each of the Clearing Agencies has filed similar proposed rule changes concurrently with this filing.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Clearing Agencies adopted the Risk Management Framework<sup>6</sup> to provide an outline for how each of the Clearing Agencies (i) maintains a well-founded, clear, transparent and enforceable legal basis for each aspect of its activities; (ii) comprehensively manages legal, credit, liquidity, operational, general business, investment, custody, and other risks that arise in or are borne by it; (iii) identifies, monitors, and manages risks related to links it establishes with one or more clearing agencies, financial market utilities, or trading markets; (iv) meets the requirements of its participants and the markets it serves efficiently and effectively; (v) uses, or at a minimum accommodates, relevant internationally accepted communication procedures and standards in order to facilitate efficient payment, clearing and settlement; and (vi) publicly discloses certain information, including market data. In this way, the Risk Management Framework currently supports the Clearing Agencies' compliance with Rules 17Ad-22(e)(1), (3), (20), (21), (22) and (23) of the Standards,<sup>7</sup> as described in the Framework Filings. In addition to setting forth the way each of the Clearing Agencies addresses these requirements, the Risk Management Framework also contains a section titled "Framework Ownership and Change Management" that, among other matters, describes the Framework ownership and the required governance process for review and approval of changes to the Framework. In connection with the annual review and

approval of the Framework by the Board of Directors of NSCC, DTC and FICC (each a “Board” and collectively, the “Boards”), the Clearing Agencies are proposing to make certain revisions to the Framework.

The proposed changes would clarify and enhance the descriptions in the Risk Management Framework, for example, (i) clarify the cadence of publication of disclosure frameworks; (ii) clarify the description of the Clearing Agencies recovery and wind-down processes and procedures; and (iii) make other non-substantive clarifying and clean-up changes to the Framework. Each of these categories of changes are discussed in further detail below.

i. *Proposed Amendment to Clarify the Cadence of Publication of Disclosure Frameworks*

Section 4.1 of the Framework describes certain tools provided to Clearing Agency participants to assist participants in understanding the Clearing Agencies’ products and services and their use. One such tool is the publication of disclosure frameworks to the DTCC website. The proposed change would enhance the description in the third bullet of Section 4.1, to add that although each of the Clearing Agencies publish to the DTCC website disclosure frameworks that are updated on a biennial basis, such frameworks are also updated more frequently for material changes.

ii. *Proposed Amendment to Clarify the Description of Recovery and Wind-Down*

Section 5 of the Framework describes the Clearing Agencies identification of scenarios that may potentially prevent them from being able to provide critical operations and services, and assessment of options for recovery and orderly wind-down, and maintenance of appropriate plans for recovery and orderly wind-down. The proposed changes to Section 5 are primarily rephrasing and grammatical choices that clarify the

Framework and conform the language in the Framework to the Clearing Agencies' stand-alone Recovery and Wind-Down Plans.

iii. *Proposed Amendment to Make Other Non-Substantive Clarifying Changes*

These proposed changes consist of rephrasing for clarity and removal of unnecessary language in the Framework. These changes include: (i) changes to Section 1 to simplify the description of other documentation of the Clearing Agencies that support the activities described in the Framework by removing statements regarding the maintenance of those documents that are not relevant to the operation of this Framework and removing redundant sentences; (ii) add “and” for grammatical purposes in the second sentence of the last paragraph of Section 3.2 as well as the words “when required” as clarifying language; (3) remove the words “Market Risk” from the heading “*Clearing Agency Stress Testing Framework*” in Section 3.3.3 and add “liquidity resources” to align with other documentation of the Clearing Agencies; (4) deletion of the word “all” in various sentences in Section 4.2.2, as unnecessary.

2. Statutory Basis

The Clearing Agencies believe that the proposed changes are consistent with Section 17A(b)(3)(F) of the Act<sup>8</sup> for the reasons described below. Section 17A(b)(3)(F) of the Act requires, in part, that the rules of a registered clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions, and to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible.<sup>9</sup> The proposed changes would clarify

<sup>9</sup> Id.

the descriptions of certain matters within the Framework to improve comprehensiveness and align with other documentation of the Clearing Agencies, as described above. By creating clearer, updated descriptions, the Clearing Agencies believe that the proposed changes would make the Risk Management Framework more effective in providing an overview of the important risk management activities of the Clearing Agencies, as described therein.

As described in the Framework Filings, the risk management functions described in the Risk Management Framework allow the Clearing Agencies to continue to promote the prompt and accurate clearance and settlement of securities transactions and continue to assure the safeguarding of securities and funds which are in their custody or control or for which they are responsible notwithstanding the default of a member of an affiliated family. The proposed changes to improve the clarity and accuracy of the descriptions of risk management functions within the Framework would assist the Clearing Agencies in carrying out these risk management functions. Therefore, the Clearing Agencies believe these proposed changes are consistent with the requirements of Section 17A(b)(3)(F) of the Act.<sup>10</sup>

(B) Clearing Agency's Statement on Burden on Competition

The Clearing Agencies do not believe that the proposed changes to the Framework described above would have any impact, or impose any burden, on competition. As described above, the proposed rule changes would improve the comprehensiveness of the Framework by creating clearer, updated descriptions, thereby making the Risk Management Framework more effective in providing an overview of the

<sup>10</sup> Id.

important risk management activities of the Clearing Agencies. As such, the Clearing Agencies do not believe that the proposed rule changes would have any impact on competition.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

FICC has not received or solicited any written comments relating to this proposal. If any written comments are received, they will be publicly filed as an Exhibit 2 to this filing, as required by Form 19b-4 and the General Instructions thereto.

Persons submitting comments are cautioned that, according to Section IV (Solicitation of Comments) of the Exhibit 1A in the General Instructions to Form 19b-4, the Commission does not edit personal identifying information from comment submissions. Commenters should submit only information that they wish to make available publicly, including their name, email address, and any other identifying information.

All prospective commenters should follow the Commission's instructions on how to submit comments, available at <https://www.sec.gov/regulatory-actions/how-to-submitcomments>. FICC reserves the right not to respond to any comments received.

III. Date of Effectiveness of the Proposed Rule Change, and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)<sup>11</sup> of the Act and paragraph (f)<sup>12</sup> of Rule 19b-4 thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
