<b>Date:</b>	March 14, 2024

<b>Subject:</b>	Trade Information Warehouse Rename Event Processing for UPC Holding B.V.

Please be advised that, as set forth in Section VII of the Trade Information Warehouse Post-Trade Services Appendix to the DTCC Deriv/SERV Operating Procedures (the “Operating Procedures”), it has been requested that the Trade Information Warehouse (“TIW”) create a successor event (as defined in the Operating Procedures) for UPC Holding B.V. (the “Rename Event”).

The pertinent details of the Rename Event are:

#### Senior Reference Obligation

Successor Event Name:	UPCHOLD MAR24
Old Reference Entity:	UPC Holding B.V.
New Reference Entity:	Sunrise HoldCo IV B.V.
New RED:	NVC45RAB7
New Reference Entity ISIN:	USN9T41QAG33

Event Processing Start Date:	March 25 <sup>th</sup> , 2024
Event Processing End Date:	March 27 <sup>th</sup> , 2024
Adherence Method:	Auto-Auto Adherence

As the rename Event is set for Auto-Auto adherence, the TIW will automatically adhere all transactions on the relevant reference entity name, regardless of the reference obligation used on that transaction.

If firms do not want the relevant reference entity on a transaction to be renamed in accordance with the Rename Event, they should un-adhere that transaction. This un-adherence should be completed prior to March 25<sup>th</sup>, 2024, at 4:30 pm (Eastern Time), the Event Processing Start Date for the Rename Event. The TIW will only process the Rename Event for a Warehouse Record (as defined in the Operating Procedures) if neither party to the relevant transaction has un-adhered the transaction. Additional information can be found in the Product Training and Support section of the TIW in a Self-Study Guide: Practical Guide – Rename Events Processing.
