Subject: Delay to Go-Live – Credit Products – Consent Equals Confirmation Service

MarkitSERV is announcing a delay in the MarkitSERV go-live to support the industry initiative of Consent = Confirmation (C=C). (See related Important Notice MS#59, August 25, 2010 MarkitSERV Revisions to the Operating Procedures – Credit Products – Consent Equals Confirmation Service and Rates Products – Interoperability).

MarkitSERV is complying with the Credit Implementation Group (CIG) decision to postpone the MarkitSERV go-live of C=C functionality until Monday, December 6th 2010. The overall industry commitment to launch C=C is unchanged for firms using ICE Link for Novation Consent. The MarkitSERV Novation Consent Module will continue to operate, as it currently does, as an electronic communication facility to aid in communications regarding novations.

Any questions or comments regarding this Important Notice or MarkitSERV in general should be directed to your client account representative or:
