1. BUSINESS AND OWNERSHIP

Fixed Income Clearing Corporation (FICC or the Company), a clearing agency registered with the U.S. Securities and Exchange Commission (SEC), provides central counterparty (CCP) services to firms that participate in the U.S. government and mortgage–backed securities markets (collectively referred to as Participants). Services provided by FICC consist principally of automated real–time trade comparison, netting, settlement, trade confirmation, risk management and electronic pool notification. FICC has two Divisions, the Government Securities Division (GSD) and the Mortgage-Backed-Securities Division (MBSD).

FICC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). Other subsidiaries of DTCC include The Depository Trust Company (DTC), National Securities Clearing Corporation (NSCC), Omgeo LLC, DTCC Deriv/SERV LLC, Business Entity Data, B.V. and DTCC Solutions LLC.

2. BASIS OF PRESENTATION AND USE OF ESTIMATES

Basis of presentation. The accompanying Condensed Financial Statements are prepared in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP). The accompanying interim financial statements have not been audited. As such, these interim financial statements do not include all of the information and notes required by U.S. GAAP for complete financial statements and should be read in conjunction with FICC's Audited Financial Statements for the years ended December 31, 2016 and 2015, which are located on the Company's website at http://www.dtcc.com/legal/financial-statements. See Note 2 in FICC's Audited Financial Statements for the years ended December 31, 2016 and 2015, for additional information on the Company's Summary of Significant Accounting Policies.

The Condensed Financial Statements reflect all adjustments of a normal recurring nature that are, in the opinion of management, necessary for the fair presentation of the results for the interim period. The results of operations for interim periods are not necessarily indicative of results for the entire year.

Use of estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the Condensed Financial Statements. Management makes estimates regarding, among other things, the collectability of receivables, the outcome of litigation, the realization of deferred taxes, unrecognized tax benefits, fair value measurements and other matters that affect the reported amounts. Estimates are based on judgment and available information as of June 30, 2017; therefore, actual results could differ materially from those estimates.

3. ACCOUNTING AND REPORTING DEVELOPMENTS

See Note 3 in FICC's Audited Financial Statements for the years ended December 31, 2016 and 2015, for additional information on the Company's Accounting and Reporting Developments.
