

## Rob Gambardella

Managing Director and Chief Technology Officer

---

Rob Gambardella serves as Managing Director and Chief Technology Officer at The Depository Trust & Clearing Corporation (DTCC), where he is responsible for leading the firm's global infrastructure strategy and delivery including public and private cloud, mainframe, network and database. In addition, he oversees automation and self-service infrastructure delivery and DevSecOps capabilities. Rob also heads up technology resiliency with a focus on strengthening production stability and resilience for the financial services industry.

He has more than 30 years' experience in financial services with a deep subject matter expertise in financial, market, credit and liquidity risk management across equities and fixed income markets, high volume trade processing, clearing and settlement.

Rob holds an MBA in Information Systems from Pace University's Lubin School of Business and a bachelor's in computer science from LeMoyne College.

---

DTCC is the premier post-trade market infrastructure for the global financial services industry. From 20 locations around the world, DTCC, through its subsidiaries, automates, centralizes, and standardizes the processing of financial transactions, mitigating risk, increasing transparency, enhancing performance and driving efficiency for thousands of broker/dealers, custodian banks and asset managers.
