

DTCC FORUM 2020

DIGITAL TRANSFORMATION

JOIN US LIVE • JUNE 29, 2020 9:00 – 10:00 AM ET

When it comes to market infrastructures, transformation and market stability must be tightly linked. But that doesn't mean acting slowly or avoiding risk altogether. Hear how DTCC's innovation strategy balances these demands and is helping to reimagine post-trade processing for the future.

We invite DTCC clients, partners, regulators and other stakeholders to learn more and be part of the conversation. Registration is complimentary.

SPEAKER LINE UP

9:00AM WELCOME & INTRO

Michael Bodson President & CEO, DTCC

9:05AM MOVING FAST WITHOUT BREAKING THINGS

Listen in on a conversation about digital transformation and experimentation, and how market infrastructures are leading creative innovation in the industry.

Rob Palatnick Managing Director & Global Head of Technology Research and Innovation, DTCC

Jennifer Peve Managing Director, Business Innovation, DTCC

9:20AM ADVANCING THE INDUSTRY TO ACCELERATED SETTLEMENT

How do you improve the world's most efficient and lowest cost settlement system? By exploring new and alternative settlement models and leveraging the digitization of cash and re-representation of securities. With Project Ion, DTCC is assessing a potential new accelerated settlement service option with the promise of making T+0 a reality for the US equity markets.

Emmanuel Aidoo Global Head of Digital Asset Markets, Credit Suisse

Artem Korenyuk Executive Director, Business Innovation, DTCC

Michael McClain Managing Director and General Manager of Equity Clearing Services, DTCC

9:40AM PIONEERING TRANSFORMATION: DIGITALIZATION & THE PRIVATE MARKETS

With companies staying private longer, the ongoing reliance on manual processes and lack of digital solutions in the private markets creates unnecessary risk and inefficiencies. Project Whitney tackles this challenge through asset tokenization and introduction of a digital infrastructure - a complete reimagination of market structure that could transform how the private markets operate.

Jay Biancamano Managing Director, US Head of Digital Products, State Street

Theresa Paraschac Executive Director, Global Government Relations and Business Innovation, DTCC

Jennifer Peve Managing Director, Business Innovation, DTCC
