Jason Harrell is Executive Director and Head of External Engagement at DTCC, where he leads the firm’s global advocacy and engagement for cybersecurity and cyber resilience, new and emerging technology, outsourcing and third-party risk management. In this role, he partners with industry peers, supervisors, regulators, international standards-setting bodies, government officials and trade associations to address policy initiatives and implement solutions that further improve the resilience of the financial services sector. He is an active participant in several global industry organizations and is also on the board for the Cyber Risk Institute.

Jason joined DTCC in 2016 as the Head of TRM Risk Analysis and Reporting where he was responsible for cyber-risk assessment and performance metrics programs. Prior to DTCC, Jason was the Corporate Senior Information Risk Officer for BNY Mellon Investment Management. He previously held cyber-related positions within IT, Risk and Business Operations at ABN AMRO, Royal Bank of Scotland and the New York Board of Trade.

Jason has over 20 years of experience in Information Technology (IT), Privacy, and Cybersecurity Risk Management within financial services and holds several certifications in technology, information security and data privacy. A frequent conference panelist, Jason often speaks about cybersecurity, resilience, and emerging technology public policy. He has published several articles on these topics and has contributed to the development of several industry white papers.

About DTCC
With over 45 years of experience, DTCC is the premier post-trade market infrastructure for the global financial services industry. From operating facilities, data centers and offices in 15 countries, DTCC, through its subsidiaries, automates, centralizes and standardizes the processing of financial transactions, mitigating risk, increasing transparency and driving efficiency for thousands of broker/dealers, custodian banks and asset managers. Industry owned and governed, the firm simplifies the complexities of clearing, settlement, asset servicing, data management, data reporting and information services across asset classes, bringing increased security and soundness to financial markets. In 2019, DTCC’s subsidiaries processed securities transactions valued at more than U.S. $2.15 quadrillion. Its depository provides custody and asset servicing for securities issues from 170 countries and territories valued at U.S. $63.0 trillion. DTCC’s Global Trade Repository service, through locally registered, licensed, or approved trade repositories, processes over 14 billion messages annually.
