Jim Hraska
Managing Director and General Manager, FICC Services, DTCC

Jim is responsible for the Fixed Income product group, overseeing all of FICC's products and services. As part of our commitment to deliver greater value to our clients, Jim also leads FICC's efforts in initiatives such as expanding buy-side participation in FICC clearing services, as well as implementing product and process enhancements to increase efficiency and reduce risk across the industry.

Previous to DTCC, he was at Barclays, where he most recently served as Global Director of Product Management, specializing in Financing and Structural reform. He has twenty-nine years experience in the securities industry with expertise in fixed income and equity financing, fixed income and equity derivatives, financial engineering, reinsurance, structured credit products, futures, and global clearance and custody.

He is a long-standing member of SIFMA, where he served as the Government Operations Chair and as a participant in numerous working groups. Jim served as a member of the Treasury Market Practices Group (TMPG) from the group's inception through September of 2016, supporting integrity and efficiency in the treasury, agency debt, and agency MBS markets. He was also a senior member of the Fed's Tri-party Reform Task Force, which was responsible for the platform's risk and liquidity improvements over recent years.

About DTCC
With over 45 years of experience, DTCC is the premier post-trade market infrastructure for the global financial services industry. From operating facilities, data centers and offices in 15 countries, DTCC, through its subsidiaries, automates, centralizes and standardizes the processing of financial transactions, mitigating risk, increasing transparency and driving efficiency for thousands of broker/dealers, custodian banks and asset managers. Industry owned and governed, the firm simplifies the complexities of clearing, settlement, asset servicing, data management, data reporting and information services across asset classes, bringing increased security and soundness to financial markets. In 2019, DTCC’s subsidiaries processed securities transactions valued at more than U.S. $2.15 quadrillion. Its depository provides custody and asset servicing for securities issues from 170 countries and territories valued at U.S. $63.0 trillion. DTCC's Global Trade Repository service, through locally registered, licensed, or approved trade repositories, processes over 14 billion messages annually.
