

## Eugene Ing

*Executive Director, GMEI Product Management, DTCC*

Eugene Ing is Executive Director of DTCC's GLEIF-accredited Global Markets Entity Identifier Utility (GMEI utility), which is part of the firm's Institutional Trade Processing suite of products. The GMEI utility is the most mature and largest Local Operating Unit (LOU) on the market, and his team is currently focused on rolling out a new platform and preparing for the upcoming LEI reference standards.

Eugene has managed a variety of functions during his 20 years at DTCC, including fixed income product management, strategic business development, and operations.

Prior to DTCC, he worked as an actuary in insurance and reinsurance at American International Group and Management Facilities Corporation.

Eugene has a bachelor's degree in Mathematics and Computer Science from Pace University.

### **About DTCC**

With over 45 years of experience, DTCC is the premier post-trade market infrastructure for the global financial services industry. From 21 locations around the world, DTCC, through its subsidiaries, automates, centralizes and standardizes the processing of financial transactions, mitigating risk, increasing transparency and driving efficiency for thousands of broker/dealers, custodian banks and asset managers. Industry owned and governed, the firm simplifies the complexities of clearing, settlement, asset servicing, data management, data reporting and information services across asset classes, bringing increased security and soundness to financial markets. In 2020, DTCC's subsidiaries processed securities transactions valued at more than U.S. \$2.3 quadrillion. Its depository provides custody and asset servicing for securities issues from 170 countries and territories valued at U.S. \$73.5 trillion. DTCC's Global Trade Repository service, through locally registered, licensed, or approved trade repositories, processes 15 billion messages annually.
