

Dan Thieke

Managing Director, Business Resilience Management

Dan Thieke is Managing Director of Business Resilience Management at DTCC, with responsibility for facilitating robust resilience efforts across the organization. He is also responsible for overall strategy and program management of DTCC's integrated strategic roadmap, a multi-year modernization effort to rearchitect services, systems and operational processes across business areas and successfully deliver a modern, flexible and digital infrastructure for the post-trade marketplace.

Dan currently serves as a member of DTCC's Investment & Operating Committee, Management Risk Committee, Resiliency Committee and Employee Benefit Plans Committee.

Prior to this role, Dan served as Managing Director and General Manager for Settlement & Asset Services, overseeing the firm's depository businesses globally. He was responsible for driving the strategic development of key company initiatives including the corporate actions transformation effort, the dematerialization of physical securities, and leading continued structural changes to the U.S. settlement process.

Dan earned a Bachelor's degree in finance from the University of Notre Dame and holds a Master of Business Administration from New York University's Stern School of Business.

About DTCC

With over 45 years of experience, DTCC is the premier post-trade market infrastructure for the global financial services industry. From 21 locations around the world, DTCC, through its subsidiaries, automates, centralizes and standardizes the processing of financial transactions, mitigating risk, increasing transparency and driving efficiency for thousands of broker/dealers, custodian banks and asset managers. Industry owned and governed, the firm simplifies the complexities of clearing, settlement, asset servicing, data management, data reporting and information services across asset classes, bringing increased security and soundness to financial markets. In 2020, DTCC's subsidiaries processed securities transactions valued at more than U.S. \$2.3 quadrillion. Its depository provides custody and asset servicing for securities issues from 170 countries and territories valued at U.S. \$73.5 trillion. DTCC's Global Trade Repository service, through locally registered, licensed, or approved trade repositories, processes 15 billion messages annually.
