Dan Thieke
Managing Director, Business Risk and Resilience Management

Dan currently serves as a member of DTCC’s Investment & Operating Committee, Management Risk Committee and is the Regional Administrative Manager for DTCC Jersey City.

Prior to this role, Dan served as Managing Director and General Manager for Settlement & Asset Services responsible for overseeing services for these businesses globally and driving the strategic development of key company initiatives such as its corporate actions transformation effort, dematerialization of physical securities, and leading continued structural changes to the U.S. settlement process.

Dan earned a Bachelor’s degree in finance from the University of Notre Dame and holds a Masters of Business Administration from New York University’s Stern School of Business.

About DTCC
With over 45 years of experience, DTCC is the premier post-trade market infrastructure for the global financial services industry. From operating facilities, data centers and offices in 15 countries, DTCC, through its subsidiaries, automates, centralizes and standardizes the processing of financial transactions, mitigating risk, increasing transparency and driving efficiency for thousands of broker/dealers, custodian banks and asset managers. Industry owned and governed, the firm simplifies the complexities of clearing, settlement, asset servicing, data management, data reporting and information services across asset classes, bringing increased security and soundness to financial markets. In 2019, DTCC’s subsidiaries processed securities transactions valued at more than U.S. $2.15 quadrillion. Its depository provides custody and asset servicing for securities issues from 170 countries and territories valued at U.S. $63.0 trillion. DTCC’s Global Trade Repository service, through locally registered, licensed, or approved trade repositories, processes over 14 billion messages annually.
