Timothy Lind
Managing Director, DTCC Data Services

Timothy Lind serves as Managing Director of DTCC Data Services, where he is responsible for guiding the firm's data businesses, including services that leverage the vast amounts of data derived from DTCC’s global processing platforms while ensuring on-going alignment with all risk management and regulatory requirements.

A recognized industry veteran with deep expertise in global capital markets infrastructure, Tim has amassed decades of experience in the deployment of technology for operational efficiency, data governance, transaction automation, regulatory compliance and risk management. Prior to DTCC, Tim held roles at Thomson Reuters, where he was responsible for developing and overseeing the growth of solutions to meet regulatory compliance data challenges faced by market participants, and served as a consultant at RTech Advisors. Before that, he worked at Omgeo (now DTCC) as its Chief Strategy Officer. His previous experience includes positions at GoldenSource Corporation, CEB Tower Group, SWIFT and Brown Brothers Harriman.

Tim is a recognized thought leader who is often quoted in the media and is a frequent speaker at industry events and conferences. He has also worked extensively with industry associations promoting data standards in the financial services industry.

About DTCC

With over 45 years of experience, DTCC is the premier post-trade market infrastructure for the global financial services industry. From operating facilities, data centers and offices in 15 countries, DTCC, through its subsidiaries, automates, centralizes and standardizes the processing of financial transactions, mitigating risk, increasing transparency and driving efficiency for thousands of broker/dealers, custodian banks and asset managers. Industry owned and governed, the firm simplifies the complexities of clearing, settlement, asset servicing, data management, data reporting and information services across asset classes, bringing increased security and soundness to financial markets. In 2019, DTCC’s subsidiaries processed securities transactions valued at more than U.S. $2.15 quadrillion. Its depository provides custody and asset servicing for securities issues from 170 countries and territories valued at U.S. $63.0 trillion. DTCC’s Global Trade Repository service, through locally registered, licensed, or approved trade repositories, processes over 14 billion messages annually.
