FIXED INCOME CLEARING CORPORATION

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

AS OF JUNE 30, 2021 AND DECEMBER 31, 2020 AND FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2021 AND 2020

1. BUSINESS AND OWNERSHIP

Fixed Income Clearing Corporation (FICC or the Company), a clearing agency registered with the U.S. Securities and Exchange Commission (SEC), provides central counterparty (CCP) services to firms that participate in the U.S. government and mortgage-backed securities markets (referred to herein as Participants). Services provided by FICC consist principally of automated real-time trade comparison, netting, settlement, trade confirmation, clearing, risk management and electronic pool notification. FICC has two divisions, the Government Securities Division (GSD) and the Mortgage-Backed-Securities Division (MBSD).

FICC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). Other subsidiaries of DTCC include The Depository Trust Company (DTC), National Securities Clearing Corporation (NSCC), DTCC ITP LLC, DTCC Deriv/SERV LLC and DTCC Solutions LLC.

FICC is designated as a Systemically Important Financial Market Utility (SIFMU) by the U.S. Financial Stability Oversight Council pursuant to Title VIII of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which subjects the Company to enhanced standards for risk management, operation and governance, as established by the SEC's Standards for Covered Clearing Agencies (CCAS).

2. BASIS OF PRESENTATION AND USE OF ESTIMATES

Basis of presentation. The accompanying unaudited interim financial statements are prepared in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP). The interim financial statements exclude some of the disclosures required in audited financial statements and should be read in conjunction with FICC's Audited Financial Statements for the years ended December 31, 2020 and 2019, which are located on the Company's website at <http://www.dtcc.com/legal/financial-statements>. See Note 2 in FICC's Audited Financial Statements for the years ended December 31, 2020 and 2019, for additional information on the Company's Summary of Significant Accounting Policies.

The financial statements reflect all adjustments of a normal recurring nature that are, in the opinion of management, necessary for the fair presentation of the results for the interim period. The results of operations for interim periods are not necessarily indicative of results for the entire year.

Use of estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Management makes estimates regarding, among other things, the collectability of receivables, the outcome of litigation, the realization of deferred taxes, unrecognized tax benefits, impairment of intangible assets, fair value measurements, expense allocations and other matters that affect the reported amounts. Estimates are based on judgment and available information; therefore, actual results could differ materially from those estimates.

Commitments and contingencies. The Company is involved in legal proceedings and litigation arising in the ordinary course of business. In the opinion of management, the outcome of such proceedings and litigation is not expected to have a material effect on the accompanying Statements of Financial Condition, Income or Cash Flows.

Revenue recognition. The Company derives its revenue from transaction fees, subscription revenue, and usage fees. Revenue from transaction fees is billed monthly and calculated based on the number of executed transactions and the established fee schedules, less any applicable volume discounts. The volume targets or thresholds for the discounts reset monthly. Subscription revenues are recognized ratably over the performance period of the relevant contract using a time elapsed measure of progress as the customer receives the benefits of the services throughout the term of the contract. Usage fees are recognized when services are provided based on contractual terms.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

AS OF JUNE 30, 2021 AND DECEMBER 31, 2020 AND FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2021 AND 2020

2. BASIS OF PRESENTATION AND USE OF ESTIMATES (CONTINUED)

Details for each revenue stream presented in the Company's Statements of Income follow:

Clearing services. Revenue derived from this revenue stream is in the form of transaction fees that are based on either the volume or value of trading activity. Services include the continuous net settlement of equity and corporate bonds, mortgage backed securities clearing, and government securities clearing.

Other services. Revenue derived from this revenue stream may be in the form of subscription revenue and usage fees, which include referential and activity-based announcement, security reference, and liquidity data sold through the DTCC Data Services product. These offerings are delivered in fixed or configurable formats, sourced from the Company's transaction, reference, position and asset servicing data.

Deferred revenue. Deferred revenue represents the Company's liability to perform services in the future related to payments received in advance of those services. Deferred revenue as of June 30, 2021 and December 31, 2020 was \$2,250,000 and \$1,500,000, respectively, and is included in Other current liabilities on the accompanying Statements of Financial Condition. Of the \$1,500,000 as of December 31, 2020, there was no amount recognized as revenue during the three and six months ended June 30, 2021.

Expense allocations. Substantially all expenses are recorded at DTCC and are allocated to its subsidiaries, including FICC, based upon their estimated use of such goods or services as determined by various allocation factors including level of support provided and utilization of technology resources. Accordingly, the expenses in the accompanying Statements of Income represent allocated costs including Employee compensation and related benefits, Information technology, Professional and other services, Occupancy, Depreciation and amortization and General and administrative.

Reconciliation of Cash and cash equivalents and other limited-use cash. When reconciling the beginning and ending total amounts shown in the Statements of Cash Flows, the Company includes all cash on the Statements of Financial Condition, regardless of which line it is included. The Statement of Cash Flows includes Cash and cash equivalents and cash balances that are not available for general corporate purposes due to certain limitations, including - Clearing Fund cash deposits and Cash in Other Participants' assets.

A reconciliation of Cash and cash equivalents, Clearing Fund cash deposits, and Cash in Other Participants' assets, reported within the Statements of Financial Condition that sum to the total of the same such amounts shown on the accompanying Statements of Cash Flows follows (in thousands):

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

AS OF JUNE 30, 2021 AND DECEMBER 31, 2020 AND FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2021 AND 2020

2. BASIS OF PRESENTATION AND USE OF ESTIMATES (CONTINUED)

Novel coronavirus. The outbreak of the novel coronavirus (“COVID-19”) in many countries continues to adversely impact global commercial activity and has contributed to significant volatility in financial markets. The World Health Organization has declared COVID-19 a "Public Health Emergency of International Concern." The global impact of the outbreak continues to evolve, and as cases of the virus have continued to be identified, many countries have reacted by instituting quarantines and restrictions on travel. Such actions are creating disruption in global supply chains, and adversely impacting a number of industries. The outbreak could have a continued adverse impact on economic and market conditions and trigger a period of global economic slowdown. Nevertheless, COVID-19 could have a material impact on the Company's financial statements. In addition to the factors described above, other factors either in the U.S or internationally that may affect market, economic and geopolitical conditions, and thereby adversely affect the Company's business include, without limitation, economic slowdown, changes in interest rates and/or a lack of availability of credit, changes in law and/or regulation, and uncertainty regarding government and regulatory policy. At this time the Company has not experienced any impairments to the Company's assets or material adverse financial impacts related to COVID-19.

3. ACCOUNTING AND REPORTING DEVELOPMENTS

See Note 3 in FICC's Audited Financial Statements for the years ended December 31, 2020 and 2019, for additional information on the Company's Accounting and Reporting Developments.

7. RETIREMENT PLANS

Defined contribution retirement plans. Eligible U.S. DTCC employees participate in one of two defined contribution plans, The Depository Trust & Clearing Corporation Employee Savings Plan (Employee Savings Plan) and The Depository Trust & Clearing Corporation Operations Level Employee Savings Plan (Operations Level Savings Plan). The Employee Savings Plan is a single employer plan covering non-bargaining unit employees. The Operations Level Savings Plan is a single employer plan covering bargaining unit employees.

Defined benefit pension and other postretirement benefit plans. Eligible DTCC employees participate in DTCC's non-contributory defined benefit pension and other postretirement plans, which provide for certain benefits upon retirement. DTCC's sponsored non-contributory plans include a defined benefit pension plan, supplemental executive retirement plan and benefit restoration plan. The other postretirement plans include retiree medical and life insurance plans for eligible retired employees and their beneficiaries.

Cost allocation. DTCC allocates the cost of these plans to its subsidiaries based primarily upon the estimated proportion of each subsidiary's salary cost relative to DTCC's total salary cost. The defined contribution retirement plans costs allocated to FICC were \$1,816,000 and \$1,787,000 for the three months ended June 30, 2021 and 2020, respectively, and \$3,475,000 and \$3,417,000 for the six months ended June 30, 2021 and 2020, respectively. The defined benefit pension and other postretirement benefit plans costs allocated to FICC were \$61,000 and \$390,000 for the three months ended June 30, 2021 and 2020, respectively, and \$59,000 and \$550,000 for the six months ended June 30, 2021 and 2020, respectively. These costs are included in Employee compensation and related benefits, Interest expense, and Other non-operating income, net in the accompanying Statements of Income based on the nature of the pension expense component.

9. CAPITAL REQUIREMENTS

As required by Rule 17Ad-22(e)(15) of the CCAS and pursuant to the Clearing Agency Policy on Capital Requirements, the Company must meet its total capital requirement by holding liquid net assets funded by equity. The total capital requirement for FICC is equal to the sum of the general business risk capital requirement and corporate contribution, as described below.

General Business Risk Capital Requirement. This capital requirement is held to cover potential general business losses so that the Company can continue operations and provide services as a going concern if those losses materialize. It is determined based on the Company's general business risk profile and estimated time to execute a recovery or orderly wind-down of critical operations and, at a minimum, is equal to six months of operating expenses.

Corporate Contribution. The corporate contribution is applied to losses of the Company as provided in FICC's rules. The amount of the corporate contribution is generally equal to 50% of the Company's general business risk capital requirement.

Details for the general business risk capital requirement, corporate contribution and liquid net assets funded by equity for the Company as of June 30, 2021 and December 31, 2020 follow (in thousands):

	<u>2021</u>	<u>2020</u>

10. GUARANTEES

FICC, through GSD and MBSD, provides CCP services, including clearing, settlement and risk management services. Acting as a CCP, FICC guarantees the settlement of trades, with respect to each division, in the event one or more of its Participants defaults. A Participant default is defined in each division's rules. In its guarantor role, FICC has equal claims to and from Participants on opposite sides of netted transactions. To cover its default risk, FICC uses risk-based margining to determine Participants' required cash and eligible securities deposits to its Clearing Fund. FICC maintains separate Clearing Funds for each of GSD and MBSD.

In addition, with respect to GSD, FICC has entered into a cross-margining agreement with the Chicago Mercantile Exchange Inc. (CME), which may also provide for additional funds if the defaulting Participant was a cross-margining participant.

Details for each division's open positions for which a trade guaranty applied as of June 30, 2021 and December 31, 2020 follow (in billions):

<u>Division</u>	<u>2021</u>	<u>2020</u>
GSD	\$ 1,089	\$ 1,201
MBSD	458	629

See Note 14 in FICC's Audited Financial Statements for the years ended December 31, 2020 and 2019 for additional information on the Company's guarantees.
