Interim procedures to reflect changes in Japanese tax rules affecting international securities offerings by Japanese issuers on or after April 1, 2010.

Effective April 1, 2010, Japanese tax law requires a new tax certification procedure. The former International Primary Market Association, IPMA Operating Manual has been modified to comply with the new provisions as described in the attached TaxInfo<sup>SM</sup> and Capital Markets Services Association, ICMSA; Capital Markets Association for Asia, CMAA; and International Capital Market Association, ICMA; jointly ICMSA CMAA ICMA Operating Manual.

Under the new law, a bond holder that is a Specially Related Person (SRP) to the issuer is not entitled to withholding relief on the interest payment and is subject to 15.315% Japanese withholding tax. The proposed ICMSA CMAA ICMA Operating Manual to handle the new requirements has been submitted to the Japanese National Tax Authority (NTA). The Japanese NTA has not yet provided a formal ruling on the proposed new procedures. In the absence of formal guidance from the Japanese NTA, the issuer, Japan Finance Organization for Municipalities has adopted the proposed procedures for this interest payment. Participants are encouraged to read and understand the attached documents prior to certifying their positions. Participants' elections for this issue and interest payment need to adhere to the proposed new procedures. Participants should submit their elections via EDS/TaxRelief™ for the positions held on behalf of "Gross Recipients" as defined in the attached Japan TaxInfo.

Questions regarding the new procedure should be directed to Customer Service at 1-888-382-2721.

Important: For Japanese bonds that are eligible for DTC's TaxRelief<sup>SM</sup> service, DTC collects tax elections based on record date position. On interest payment date, DTC credits the participant the interest payment less any applicable withholding tax, based on participant's record date position. DTC runs interim accounting from record date +1 through payable date -1 for Japanese bonds that settle with interest to the business day before the payable date. Delivery orders during the interim period are tracked at 100% (e.g. exempt rate of 0%) where gross interest is debited from the deliverer and credited to the receiver.

#### LEGAL CONDITIONS

The following certifications and liabilities apply to the use of the Elective Dividend System ("EDS/TaxRelief<sup>sm</sup>") for Japan. The procedures and standards of diligence required of Participants are described more fully in the document entitled "Compliance Procedures For International Securities Offerings By Japanese Issuers — Securities Held Through DTC", which is provided for your reference in TAXI/Taxinfo<sup>sm</sup> (see below).

Participants use the EDS/TaxRelief<sup>sm</sup> system to certify electronically that specified quantities of a non-U.S. CUSIP are entitled to favorable tax treatment ("Electronic Certification"). Favorable tax treatment may be a reduced rate of non-resident withholding taxes, or complete exemption from withholding taxes. For some countries, a tax credit related to the issuer's payment of home country tax may be available. Favorable tax treatment may be pursuant to international treaty or source country law.

The Participant's Electronic Certification exposes it to certain legal liabilities. Therefore, DTC does not require Participants to use EDS/TaxRelief<sup>sm</sup>. Instead, Participants, after consultation with tax advisors, may choose to by-pass DTC and deal with foreign tax authorities directly.

The Participant's decision whether to use EDS/TaxRelief<sup>sм</sup> should proceed from the following considerations:

\*\*\*Participant's Electronic Certifications\*\*\*

By Electronic Certification, the Participant represents and warrants the following:

- 1. The Participant has read all of the DTC procedures on the Tax Information System TAXI/Taxinfo<sup>sм</sup> dealing with the "foreign securities option" of EDS/TaxRelief<sup>sм</sup> for Japan;
- 2. The Participant understands the "Category of Investor" section for Japan;
- 3. To the best of the Participant's knowledge and belief, based on information provided by clients for whom the Participant holds Securities, the Electronic Certification corresponds to interest and underlying Securities beneficially owned on the record date by owners qualified under the "Category of Investor" for Japan;
- 4. The Participant authorizes DTC to make any book entries necessary in connection with the Electronic Certification;
- 5. The Electronic Certification revokes and replaces any previous certifications made by the DTC Participant to DTC with which the Electronic Certification conflicts

## \*\*\*Participant's Legal Liabilities\*\*\*

- 1. The Participant indemnifies DTC and holds it harmless under DTC's Rule 6, which applies (among other things) to any loss, liability or expense sustained by DTC as a result of any act done in reliance upon the Participant's Electronic Certification or as a result of the inaccuracy of the information contained in the Electronic Certification. The Participant's liability under this indemnity includes, but is not limited to, reimbursement to DTC for any payments made to the Japanese tax authorities, issuer, paying agent, American Depositary Receipt ("ADR") depositary, or any other person or entity for underwithheld tax, or for the erroneous payment of a treaty benefit at source, for foreign exchange fees, for interest on underwithheld funds, and for administrative costs
- 2. At the written request of the Japanese tax authorities explaining the reasons why a return of tax relief obtained at source via EDS is required (the "Tax Authority Request"), DTC is hereby authorized to debit the Participant's account subsequently for the amount of tax relief received at source specified in the Tax Authority Request (the "Debit"); provided that at least 15 days before the Debit is made, DTC has given written notice to the Participant of the plan to Debit its account, along with a copy of the Tax Authority Request. If, however, within 15 days after such written notice by DTC to the Participant, the Participant in writing (i) certifies to DTC that it believes it has meritorious grounds for defending against the claim, (ii) indemnifies DTC under Rule 6 as provided in paragraph 1 of "Participant's Legal Liabilities," and (iii) agrees to defend DTC against any claim of the tax authority relating to the Debit, then DTC shall not effect the Debit until the earlier of the receipt by DTC of: (a) an order from a U.S. court of competent jurisdiction ordering DTC to effect the Tax Authority Request, and then only in accordance with the terms of such order; or (b) an instruction from the Participant authorizing the Debit
