Subject:	Settlement Matching – Phase 3 Reminder

As previously announced in DTC Important Notice 0990-14, clients are reminded that on the evening of July 24th, DTC will continue its implementation of Settlement Matching Phase 3 by reducing its Receiver Authorized Delivery (RAD) default limits from \$100,000 to \$20,000 for Deliver Orders. These new limits will be effective for any non-ID receives¹, beginning with transactions staged for night cycle processing on July 24th that are due to settle on July 25th. Clients who choose to handle their RAD transactions manually should consider the processing considerations outlined in Important Notice 1348-14 to assist in their daily operations.
