| Subject: | Reminder of DTCC's Underwriting Global Workforce Support |

In September 2015, The Depository Trust & Clearing Corporation (DTCC) announced the significant expansion of its workforce across the firm's primary European locations in London and Wrexham to increase its support for financial market participants. This expansion includes the Underwriting eligibility operational areas that you do business with on a daily basis.

DTCC's underwriting eligibility services now have integrated and aligned for global support. Clients, agents and service providers should expect that as part of the eligibility process and asset servicing performed by DTCC you may receive calls or direct communications from members of the DTCC UK Underwriting Operations team.
