Subject:	Enhancements to Corporate Actions Web (CA Web) Screens Will Take Effect on March 13, 2015

DTC will deploy enhancements to the Announcements compartment of the Corporate Actions Web (CA Web) Distributions Dashboard on March 13, 2015 when the following information will be added. These enhancements are the result of feedback DTC received from clients after extensive testing, and are designed to streamline and improve the user experience.

- A new column with the heading ‘Position Only Events’ will be added. For the account in which they are logged on to, this will enable clients to ascertain the number of events in which they have position for each of the categories listed
- A new row will be added showing the count of events for which there were updates to the event comments on the current business day

DTC recently deployed the following enhancement to CA Web’s announcement search functionality:

- Clients now have the ability to limit their search to only those events in which they have position. This ‘Limit to Position’ feature is available on both the Custom Search and Advanced Search tabs

Questions about CA Web and the Corporate Actions Transformation initiative can be directed to your Relationship Manager or to the CA Transformation mailbox at CATransformation@dtcc.com.
