Following are the pertinent details of the rename event:

Senior Reference Obligation

Successor Event Name: ISTAR SEP15
Old Reference Entity: iStar Financial Inc.
New Reference Entity: iStar Inc.
New RED: 4AB73HAA4
New Reference Entity ISIN : US45031UBQ31

Event Processing Start Date: September 28th 2015
Event Processing End Date: September 30th, 2015

Events that are set for Auto-Auto adherence will mean that the TIW will automatically adhere all transactions with the relevant reference entity name, regardless of the reference obligation used on that transaction.

If firms do not want transactions to be renamed in accordance with these events, firms must un-adhere those transactions. This un-adherence should be completed prior to September 28th, 2015, the Event Processing Start Date of these events. The TIW will only process Records that remain adhered by both parties. Additional information can be found in the Product Training and Support section of the TIW in a Self Study Guide: Practical Guide – Successor Events Processing.
