As previously announced in Important Notice [A8587](#), NSCC is redesigning and improving its CMU RTTM Web system. **New CMU RTTM Web will go into Production on Monday September the 24th.** Firms will continue to access the application as they do today with new trade input and output screens in production on that date.

Mandatory Participant Testing

Firms are required to complete mandatory testing prior to the deployment. If you have not completed testing yet, contact the DTCC User Acceptance Test (UAT) group @ FICCIImplementation@dtcc.com to coordinate this effort as soon as possible. The UAT team will provide you with additional instructions, a set of test scripts, and a copy of our '*Quick User Guide*' for your convenience.

All CMU RTTM Web Operators that have not yet attended a webinar are being sent emails with an invitation to participate on the upcoming live sessions. If you don't receive an email regarding this, please reach out to the undersigned. **Attendance is strongly recommended.**
