

Important Notice

DTCC Data Repository (U.S.) LLC

#:	DDR60
Date:	December 13, 2024
To:	Distribution
From:	Legal Department
Subject:	Revised CFTC Fee Schedule

This notice refers to the DTCC Data Repository (U.S.) LLC (“DDR”) fee schedule for reporting to the U.S. Commodity Futures Trading Commission (“CFTC Fee Schedule”). All terms used herein and not otherwise defined shall have those meanings referenced in the DDR Rulebook or CFTC Fee Schedule.

This notice is to inform all Users that the following changes have been made to the CFTC Fee Schedule:

- reductions to base Position Maintenance Fee rates across multiple fee bands in the FX, Commodities, Credit, Equity, and Interest Rate asset classes; and
- removal of the Long-Term Commitment option.

Please see the attached redline document to review the changes that have been made.

The updated CFTC Fee Schedule is scheduled to be effective as of January 1, 2025, unless stayed by the CFTC pursuant to 17 C.F.R. Part 40. When effective, the CFTC Fee Schedule will be posted to the website.

The current effective version of the CFTC Fee Schedule can be found on the DTCC website at <https://www.dtcc.com/repository-and-derivatives-services/repository-services/cftc>.

Should you have any questions about this Important Notice, please contact Kyle Romig, Executive Director and Associate General Counsel, at kromig@dtcc.com.

DTCC offers enhanced access to all important notices via a Web-based subscription service. The notification system leverages RSS Newsfeeds, providing significant benefits including real-time updates and customizable delivery. DTCC Data Repository (U.S.) LLC Fee Schedule - CFTC Reporting - Effective January 1, 2025⁴

General Principles

This fee schedule shall apply until such time as the Board of DTCC Data Repository (U.S.) LLC (“DDR”) shall determine otherwise. This fee schedule supersedes any previously issued DDR fee schedules for reporting to the U.S. Commodity Futures Trading Commission (“CFTC”). Terms used but not defined herein shall have the meaning provided in the DDR Rulebook and/or DDR Operating Procedures. There are two types of fees, Position Maintenance Fees and Account Management Fees (collectively, “Subject Fees”), both will be discussed in detail below.

Position Maintenance Fees by Asset Class

Position maintenance fees will be imposed on a party who has signed an agreement with DDR (a “User”) based on the aggregate number of positions across all five asset classes open on any day during the month (“Position Maintenance Fees”). Except as otherwise set forth for cleared transactions below, DDR charges Position Maintenance Fees, monthly, as follows:

Foreign Exchange Position Counts			
Tier	Beginning	Ending	Position Maintenance Fee
Tier 1	1	10,000	\$0.50
Tier 2	10,001	50,000	\$0.40
Tier 3	50,001	100,000	\$0.30
Tier 4	100,001	150,000	\$0.20
Tier 5	150,001	500,000	\$0.045
Tier 6	500,001	1,500,000	\$0.023
Tier 7	1,500,001	+	\$0.005

Other Commodities Position Counts			
Tier	Beginning	Ending	Position Maintenance Fee
Tier 1	1	10,000	\$2.215
Tier 2	10,001	20,000	\$2.001.82
Tier 3	20,001	+	\$0.00

Credit, Equity and Interest Rates Position Counts			
Tier	Beginning	Ending	Position Maintenance Fee
Tier 1	1	10,000	\$2.215
Tier 2	10,001	50,000	\$2.001.82
Tier 3	50,001	200,000	\$1.205
Tier 4	200,001	500,000	\$0.20
Tier 5	500,001	1,250,000	\$0.023
Tier 6	1,250,001	+	\$0.005

The following applies to Position Maintenance Fees:

- There are no Position Maintenance Fees for less than five hundred (500) aggregate positions across asset classes during any month;
- For a position count of five hundred (500) or more aggregate positions across asset classes during any month, which shall be determined in the aggregate for entities within the same Family, the applicable Position Maintenance Fees by asset class shall apply; and
- Position Maintenance Fees shall be based on the position count during the month even if liquidated prior to month end.

Examples of the calculation of monthly Position Maintenance Fees are set forth on Annex A, attached hereto.

Responsibility for Position Maintenance Fees is as follows:

1. for positions where a derivatives clearing organization, as such term is defined in the Commodity Exchange Act section 1(a)15 (a “Clearer”)¹, is identified as counterparty 1 (reporting counterparty), the Clearer shall pay Position Maintenance Fees in accordance with the tables above, less a 75% reduction. Reductions will be made after regular positions have been assessed for purposes of calculating tiered pricing.
2. for a position submitted by a swap execution facility (“SEF”) or designated contract market (“DCM”), the User, who is not the SEF or DCM, for whom or on behalf of whom the trade is submitted shall be responsible for Position Maintenance Fees; and
3. for all other positions, the following waterfall shall be used to determine the party responsible for Position Maintenance Fees: (i) User identified as counterparty 1 (reporting counterparty); (ii) User named as execution agent on position; (iii) submitter of the position.

Account Management Fee

All account holders, excluding regulators, will be charged an annual account management fee of \$1,200.00 (“Account Management Fee”). Such Account Management Fee will be in addition to and not in place of all applicable Position Maintenance Fees and shall not serve to reduce in anyway the amount of such Position Maintenance Fees owed to DDR by the applicable account holder.

Fee Cap for Clearer Users

The maximum total amount of Subject Fees charged to a Clearer in any calendar year is \$650,000.

~~Long-Term Commitment Incentive for Non-Clearer Users~~

~~Users who are not Clearers (a “Non-Clearer User”) have the option to elect to enter into a long term commitment with DDR (a “Long Term Commitment”). By electing the Long Term Commitment, the applicable then current Subject Fees will be reduced by 10%, exclusive of tax, for the duration of the Long-Term Commitment. If the Long Term Commitment is terminated prior to the end of the Long Term Commitment the Non-Clearer User shall be subject to an “Early Termination Fee” equal to: (a) the difference between the total amount of fees due after application of the incentive and the total amount of~~

¹ In the event a User holds an account that acts as both a Clearer and in an additional role, DDR shall have the right, in its sole and absolute discretion, to determine the applicable role for purposes of charging the User fees. Such a determination may result in the User being charged fee rates at the higher of the two roles.

~~fees that would have been due during the applicable portion of the Long Term Commitment had no incentive been provided (“Total Incentive Provided”); plus (b) 5% of the Total Incentive Provided or \$500.00, whichever is greater. To elect the Long Term Commitment, Non-Clearer Users should contact GTR-Onboarding@dtcc.com and, for specific billing inquiries, Non-Clearer Users should contact GTRSupport@dtcc.com.~~

Annex A

Examples of calculation of monthly Position Maintenance Fees:

1. Monday--10,000 positions; Friday in the same month--9,500 of those positions are liquidated; the position count for determination of the Position Maintenance Fee shall be 10,000 for the month.
2. In a given month, 200 positions in FX and 200 positions in Rates; no Position Maintenance Fee will be charged for any position (400 position count in the month is less than the 500 position count threshold per month). However, the Account Management Fee discussed below will apply.
3. In a given month, 300 positions in FX, 200 positions in Rates and 100 positions in Commodities; the monthly Position Maintenance Fee will be charged for each position based on charges for that asset class (600 positions in the month is more than the 500 position count threshold per month).

Once the aggregate threshold of five hundred (500) or more positions is met, each of the positions are subject to Position Maintenance Fees based on the following three categories: 1) Foreign Exchange, 2) Other Commodities, and 3) Credit, Equities, and Interest Rates as applicable. Each category will apply the Position Maintenance Fees applicable to the aggregate positions per position for each Tier as noted below.

Example from #3 above: In a given month, three hundred (300) positions in FX, two hundred (200) positions in Rates and one hundred (100) positions in Commodities for a total aggregate of six hundred (600) positions; the monthly Position Maintenance Fee will be charged for each position based on the asset class fees— three hundred (300) FX at \$0.50; two hundred (200) Rates at \$2.~~2~~15; one hundred (100) Commodities at \$2.~~1~~25.
