

Important Notice
DTCC Solutions LLC

B #:	CBRS020-24
Date:	February 13, 2024
To:	All Cost Basis Reporting Service (CBRS) Web Users
Category:	CBRS
From:	Product Management
Attention:	All Cost Basis Reporting Service (CBRS) Web Users
Subject:	CBRS DTCC PORTAL URL UPDATE

This notice is a follow up to [Important Notice a9378](#) (dated January 12, 2024). In that notice, it was announced that there will be some upcoming technology upgrades that may impact various DTCC web portal application URL's. CBRS was identified as one of the applications impacted by this change.

The change will only impact users that have bookmarked CBRS application-level URLs in the Participant Services Environment (PSE) and/or Production environment. If the user wants to continue to access the web application via a bookmarked URL, please follow the following steps.

1. Log in to portal.dtcc.com for production or portalu.dtcc.com for PSE.
2. Click on the COST Basis and or COST Basis-PSE tile and bookmark the new URL.
3. Delete the old bookmark.

If you are a user that accesses the CBRS application by starting each time entering portal.dtcc.com or via a bookmark of that URL then you will be unaffected by this change and no additional action is required.

The existing CBRS web functionality will not be impacted by this effort. This is strictly a URL change.

The effective date of this change is March 1, 2024.

If you have any questions regarding this notice, please reach out to NSCC Support at nsccsupport@dtcc.com.

DTCC offers enhanced access to all important notices via a Web-based subscription service. The notification system leverages RSS Newsfeeds, providing significant benefits including real-time updates and customizable delivery.
