Subject:	Capped Contingency Liquidity Facility Test – April 2025

Capped Contingency Liquidity Facility (“CCLF[®]”) is a rules-based liquidity facility that would provide the Fixed Income Clearing Corporation (“FICC”) with liquid financial resources to meet its cash settlement obligations in the event of a default of the largest family of affiliated GSD Netting Members or MBSD Clearing Members (herein “Members”). It is an integral part of FICC’s role as central counterparty. On an annual basis, FICC conducts a mandatory CCLF test with all Members to satisfy the requirements of a covered clearing agency with respect to its management of liquidity risk. The main objectives of the test are to:

1. Increase Members’ awareness of the potential capital commitment should a CCLF Event be declared;
2. Assess each Members’ understanding of a CCLF Event (inclusive of both start of day and intraday CCLF Events) from an operational perspective; and
3. Test Members’ operations capability to process Redistribution Repos.

The GSD CCLF and MBSD CCLF tests will take place on the same day. There will be three parts to the test as described in the [Annual CCLF Test Reference Guide](#) found on both the GSD and MBSD User Documentation pages on dtcc.com.

Test Dates

Part 1 of the test will take place on **Monday, April 21, 2025**.

Part 2 of the test will be conducted during the **week of April 21, 2025**. Each firm will be contacted by FICC and provided with their Part 2 test date.

Part 3 of the test will take place on **Friday, April 25, 2025, starting at 10:00 AM and ending at 1:00 PM**.
