MBS #:	MBS1559-26
Date:	April 14, 2026
To:	Mortgage-Backed Securities Division (“MBS”) Clearing Members
Category:	Service Type
Subject:	REMINDER: Capped Contingency Liquidity Facility Test – April 2026

As mentioned in the Important Notice [MBS1542-26](#), Capped Contingency Liquidity Facility (“CCLF®”) is a rules-based liquidity facility that would provide the Fixed Income Clearing Corporation (“FICC”) with liquid financial resources to meet its cash settlement obligations in the event of a default of the largest family of affiliated GSD Netting Members or MBS Clearing Members (herein “Members”). It is an integral part of FICC’s role as central counterparty. Annually, FICC conducts a mandatory CCLF test with all Members to satisfy the requirements of a covered clearing agency with respect to its management of liquidity risk. The main objectives of the test are:

1. Increase Members’ awareness of the potential capital commitment should a CCLF Event be declared.
2. Assess each Member’s understanding of a CCLF Event (inclusive of both start of day and intraday CCLF Events) from an operational perspective.
3. Test Members’ operations capability to process Redistribution Repos.

The GSD CCLF and MBS CCLF tests will take place during the same week. There will be three parts to the test as described in the [Annual CCLF Test Reference Guide](#) found on both the GSD and MBS User Documentation pages on dtcc.com. Please visit the DTCC Learning Center to access a [newly released video](#) that provides an explanation of the requirements for the annual FICC CCLF test. Kindly note that you must be logged into the Learning Center to view the content.
