Subject:	New Client Onboarding Hub

DTCC recently launched a new **Client Onboarding Hub** designed to make onboarding easier, faster, and more transparent for GSD Sponsoring Members and Agent Clearing Members.

The hub, now available as a new tile for authenticated users in the MyDTCC Portal, provides a centralized and efficient process to support client onboarding well in advance of the December 2026 deadline for U.S. Treasury cash clearing.

Key features include:

- **Self-Service Web Forms:** Sponsoring Members and Agent Clearing Members can add Sponsored Members and Executing Firm Customers and monitor the onboarding progress in real-time.
- **DocuSign Integration:** Secure electronic agreement management helps reduce errors and streamlines document submissions.
- **Automated Workflows:** Enhanced automation is expected to reduce onboarding timelines and minimize manual data entry.

Following last year’s client virtual event, [Onboarding for US Treasury Clearing](#), the FICC Integration Team partnered with DTCC Client Training this spring to provide clients with a walkthrough of the new onboarding hub and its functionality.

In case you missed it, additional onboarding hub demos are available on the following dates:
