

Dan Thieke

Managing Director, Head of SIFMU Program Management

Dan Thieke is Managing Director and Head of Program Management for DTCC's SIFMU businesses, with a specific focus on the overall strategy and program management of DTCC's multi-year modernization effort to rearchitect services, systems and operational processes across business areas and successfully deliver a modern, flexible and digital infrastructure for the post-trade marketplace.

In addition, Dan currently serves as a member of DTCC's Investment & Operating Committee, Management Risk Committee, Resiliency Committee and Employee Benefit Plans Committee.

Prior to this role, Dan served as Managing Director for Business Resilience Management at DTCC with responsibility for facilitating robust resilience efforts across the organization, and before that, as Managing Director and General Manager for Settlement & Asset Services overseeing the firm's depository business.

Dan earned a bachelor's degree in finance from the University of Notre Dame and holds a Master of Business Administration from New York University's Stern School of Business.

About DTCC

With over 45 years of experience, DTCC is the premier post-trade market infrastructure for the global financial services industry. From operating facilities, data centers and offices in 16 countries, DTCC, through its subsidiaries, automates, centralizes and standardizes the processing of financial transactions, mitigating risk, increasing transparency and driving efficiency for thousands of broker/dealers, custodian banks and asset managers. Industry owned and governed, the firm simplifies the complexities of clearing, settlement, asset servicing, data management and information services across asset classes, bringing increased security and soundness to financial markets. In 2017, DTCC's subsidiaries processed securities transactions valued at more than U.S. \$1.61 quadrillion. Its depository provides custody and asset servicing for securities issues from 131 countries and territories valued at U.S. \$57.4 trillion. DTCC's Global Trade Repository service maintains approximately 40 million open OTC positions per week and processes over one billion messages per month through its group of licensed trade repositories.
