

Valentino (Val) Wotton

Managing Director, Product Development and Strategy, Repository and Derivatives Services

Valentino (Val) Wotton is Managing Director of Product Development and Strategy, Repository and Derivatives Services at DTCC where he is responsible for overseeing the firm's multi award-winning Global Trade Repository (GTR) service and Trade Information Warehouse (TIW). Within this role, Wotton leads efforts to identify opportunities to enhance the services to meet the evolving operational and regulatory compliance needs of DTCC's global client base as well as helps the firm to innovate around the core principles of automation, standardization and utilization.

Prior to joining DTCC, Val served as Global Head of Markets Post Trade Services and Europe Markets Operations at Barclays, with oversight for derivatives, securities, futures and clearing. There, he was responsible for the implementation of a strategic global operational model to provide improved service capabilities to clients and internal businesses as well as the design and delivery of an enhanced strategic architecture to achieve automation, process improvement and risk management objectives. Previously, Val held several senior roles at Citigroup.

During his career, Wotton has served on several Boards and committees, including DTCC's Deriv/SERV Board, LCH OTC Deriv Net, and the International Swaps & Derivatives Organization's (ISDA) Market Infrastructure & Technology Committee. Val holds a Bachelor of Laws degree from Nottingham Trent University.

About DTCC

With over 45 years of experience, DTCC is the premier post-trade market infrastructure for the global financial services industry. From operating facilities, data centers and offices in 15 countries, DTCC, through its subsidiaries, automates, centralizes and standardizes the processing of financial transactions, mitigating risk, increasing transparency and driving efficiency for thousands of broker/dealers, custodian banks and asset managers. Industry owned and governed, the firm simplifies the complexities of clearing, settlement, asset servicing, data management, data reporting and information services across asset classes, bringing increased security and soundness to financial markets. In 2019, DTCC's subsidiaries processed securities transactions valued at more than U.S. \$2.15 quadrillion. Its depository provides custody and asset servicing for securities issues from 170 countries and territories valued at U.S. \$63.0 trillion. DTCC's Global Trade Repository service, through locally registered, licensed, or approved trade repositories, processes over 14 billion messages annually.
