# LOANET SUITE T+1

---

**RECALL: processing extended to 11:59 pm EST**

- MQ messaging and Web portal available
- Functionality extended to 11:59 pm
  - Sending recall notifications
  - Accepting recalls notifications
  - Recall Automation- existing functionality

# LOANET SUITE T+1

---

## Interface Files

- Pre-Consolidation file to be sent at regular time (activity and position files only)
- Post-Consolidation to be run after 11:59p (activity and position files only)
- Other interface – finalizing what is impacted - documentation out shortly

## Compare & Marks

- Delays anticipated
  - Will provide new cut off times for receiving files
- 
- Overall looking to have system up by 7am as we do today
  - SmartLoan recall time extended
  - FPL- parameter changes – additional pending trades files (optional)
  - SmartSeg/ S<sup>3</sup> – reducing processing times
